At the 83rd Annual Communication of the Grand Lodge F&AM of Arizona, authorization was approved for the sale of key rituals through the Grand Secretary's office to bona fide members of legitimate Constituent Lodges.

You will be held personally responsible for this copy and it is expected that you will exercise the greatest possible care in preserving its present condition. Although it is meaningless to other than proper persons, you should be especially careful as to when and where it is used. Your attention is directed to Regulation No. 23 of the General Regulations of the Grand Lodge F&AM of Arizona which precludes the use of any codified or uncoded ritual other than approved by this Grand Lodge, the violation of which will constitute a Masonic offense, as will the use by anyone of our ritual keys in a Lodge while it is in session.

Under no circumstances should the words be written out in this ritual nor should it be given to candidates for the purpose of learning any part of their proficiencies. It should be used only by officers and members to study and assist in learning the work.

In case of death, the administrators, executors or relatives are to return it without delay to the individual's lodge or to Grand Secretary, c/o Masonic Temple, 4th Ave. & Monroe, Phoenix, Arizona 85003.

Ritual Supplement

GENERAL

Two printings of the key ritual have been made. Some of the instructions contained herein will not be necessary when using the books printed after the first printing as the corrections or additions may have been made previously. It is emphasized that these instructions are to be considered in conjunction with the key ritual it supplements and it is not intended that this will in any way change the ritualistic word.

Indicated below are instructions which are applicable generally and do not refer specifically to a particular line:

The WM uncovers whenever pronouncing the name of Deity.

Singular or plural forms of words should be used as the situation would dictate to be grammatically correct.

Particular attention should be paid to the passage to which the VSL should be opened: EA — Psalms 133; FC — Amos 7:7-8; MM — Ecclesiastes 12:1-7.

Whenever "\$" appears in rituals, it should be understood to mean both "d-g" and "\$" except in those instances where they are specifically separated.

When door is being tyled by JD, it is always by 3 - 3 - 1 - 1. When being opened either by T or JD, it is by 3 - 3. Knocks should always be deliberate to indicate meaning and purpose; never rushed, uneven or careless.

Deacons and Stewards should stand before taking rods. Rods should be taken with right hand and in all

floor work rods should be carried in right hand. While standing, rods should be held with end against the outside of the right toe, forearm at 90° angle to upper arm and rod slanted forward at slight angle. When starting to walk, position of hand on rod should not be changed; rod should be tucked under arm at an angle — not straight up and down nor straight out. While standing, never lean on rods or give impression they are being used as support. When Deacons and Stewards leave their places, they should carry rods; except during the opening and closing ceremonies of receiving and returning jewels or during some special occasion where it would be impossible to carry them.

In any instance, when conducting candidate, the SD turns to the right; when reconducting candidate, SD turns to the left. SD should take candidate's right arm in his left hand. When arriving at various stations, SD should release candidate's arm before making alarm.

When retiring from altar after obligation, wardens, after slight bow to WM, retire to stations at same time as WM.

When presenting anyone at the altar, the SD should say "WM, I have the honor to introduce to you . . ." He should not say "I have the honor to introduce to you and through you to the brethren."

The column of the SW should be *up* while lodge is in session; *down* when the lodge has been called from labor to refreshment or free from restraint. The column of the JW is *down* while lodge is in session; *up* when the column of the SW is down. Both *down* when lodge is closed.

Flag presentation. WM should ask "all citizens of the United States join with me in the pledge of allegiance to the Flag of our Country." When WM desires the

Flag presented at the A, it should be done by the M. The Flag may be placed in stand next to M's chair or in the stand in the East prior to presentation at A. When being held at the A, it should never dip so that it touches the A or the GLs. After the pledge, the WM instructs the M to place the Flag in its proper position in the E

When WM does not desire the Flag presented at the A, it should be placed in the stand in the E and the pledge should be given while Flag is in place

Jewels of all officers are transferred to occupant temporarily replacing occupant of any station.

- 1 3 Procedure to be followed in approaching East: S. walks West along South side of lodge in a straight line between A. and Stewards' chairs, followed by Chap., JS, JW, SS and turns North just west of A. SW and JD advance from their station and place to line just west of SS station, wait for other officers to pass between them and A., fall in line with JD following SS, then SW. T and SD wait for line to form in East and they line up with TR next to SW and SD on North end of line. M distributes jewels, beginning with WM, Sec., Chap, etc M returns to South end of line, officers waiting until all have received their jewels and WM says "T, b" After all have put on their jewels, WM says
- 1 5 In retiring, M, Chap, Sec, Tr, SD go directly to their places. Other officers return in same order they formed
- 2 4 Officers intended within () are those mentioned on Page 23 Line 13 JD should not be seated before the EA officers are called up
- 4 11 SD attends GLs, JD attends LLs SD places his rod in the stand North of A. or gives it to

JD to hold while arranging the GLs. When individually controlled LLs, each should be turned on as each of the GLs are arranged. If all LLs go on at once, they should be turned on when VSL is opened. Both SD and JD give \$ immediately after lights arranged, remaining at A. while WM says lines 12-13-14-15. Deacons should not stand immediately side-by-side but should leave enough space so as to give clear view between WM and SW.

- 5 26 Instructions contained within the parenthesis should be supplemented by the movements as underlined (with rd in right hand turns to left gs to dr of pr rm, places rod in left hand allowing it to cross his body while end of rod is next to right toe, gvs th kns, and ops dr).

- 6 12 Instructions contained within the parenthesis should be supplemented by the movements underlined (clo. dr., goes to A., places rod in stand on North side of A., \$).

- 7 3 Before the kn and also before SD speaks, rod should be held as shown on Page 5 Line 26.

- 10 11 Instructions contained within the parenthesis should be supplemented by the underlined (Deacons face A. cross rods over cand.)

- 10 12 Square is formed in the same manner in each of the three degrees This is done by inserting one rod into the other rod over cand with

angle as even as possible so that it does not look lopsided.

- 10 13 Care should be taken that hands of C are in exact position which will be explained later by WM and which is universally recognized.

- 10 16 Ss form on N and S of A., advancing to East together; form on East ends of lines and cross rods, facing the A. Rods to be crossed evenly so angle does not look lopsided, corresponding to shape of rods held by Deacons.

- 10 23 WM should never place hat on A nor on the floor. It should be handed to JW.

- 11 17 WM should recover prior to saying "In humble . . ." but not while making reference to God.

- 12 6 "etc." should be spoken "and so forth." It should not be taken to indicate additional words should be spoken to finish sentence.

- 15 5 SD should conduct C to A. and SS should be to right of SD with J.S. at the right of the S.S.

- 15 9 Ss should precede SD and C to dr of pr rm and op dr for C to retire.

- 15 25 Where one candidate, SD should escort him by holding his right arm as in first section; place him near the SD chair facing the WM, then place him on t f s o a M. When more than one cand., SD should ask them to follow him, single file, to NE corner, turn so as to be facing WM, then place them o t f s o a M.

STATED MEETING

When individual Lodge By-Laws do not dictate otherwise, following will be the regular order of business at a Stated Meeting. This follows ritualistic opening of Third Degree.

1. If Flag ceremony or pledge of allegiance to Flag of the United States not given before W.M. declares Lodge open, it should be done at this time.
2. Introductions of distinguished guests and/or members.
3. Conduct proficiency examinations or have committee report when proficiency is given at some time other than in open lodge.
4. **Reading of the Minutes.**

W.M. Brethren, this being our stated meeting for the month of, the first order of business will be the reading of the minutes of our last stated and subsequent special meetings. Bro. Secretary, you will read the minutes of the stated meeting of

(Secretary rises, gives \$ and reads minutes of stated meeting.)

W.M. Brethren, you have heard the reading of the minutes of the stated meeting of If there are no corrections, they will stand approved as read (Pause) There being none, it is so ordered, Bro. Secretary. (#)

(Minutes of subsequent meetings are likewise severally read and approved)

5. Reports of Committees.

(WM will call for report of any committees, such as sick, relief, etc., or any other special committees. No standard wording for this portion. Regarding report of committee of petitioners, where applicable, W.M. says)

W.M. Brethren, the committee upon the application of Mr. A. B. to receive the degrees of Masonry in this Lodge (or, upon the application of Bro. A. B. for affiliation with this Lodge) has made an unfavorable report and I hereby declare him to be rejected. (#) (and/or) The committee upon the application of Mr. A. B. (or Bro. A. B.) has requested and is hereby granted more time in which to complete their investigation. (#)

6. Balloting

W.M. Bro. S.D., you will prepare the ballot box. (S.D. presents the ballot box for inspection by J.W., S.W. and W.M. in that order. While this is being done, the petition or application for affiliation will be read by either the W.M. or the Secretary.) (After petition has been read and the ballot box has been given to W.M., he says)—

W.M. Brethren, this petition for the degrees (or application for affiliation) has been referred to the usual investigating committee, all of whom have reported favorably (or a majority of whom have reported favorably, there being no minority report.)"

W.M. (inspects ballot box and if properly prepared says) Brethren, you are about to ballot upon the petition of Mr. A. B. (or the

application of Bro. A. B.) to become a member of this Lodge. Remember, white balls elect, black balls or cubes reject. Look well to your ballot and vote for the good of Masonry. I now declare the ballot open.

(W.M. gives MM \$ and ballots, S.D. carries ballot box to S.W. and J.W. who ballot while at their stations after having first given the MM \$. All three officers should remain at their stations throughout the balloting. The S.D. places ballot box upon the A., then takes station west of A, facing south, a sufficient distance from A. to insure secrecy during balloting. Members form single line in the west, approach A. after the SD has stopped each Bro. until the one ahead of him has cast his ballot and is retiring from the A. Each will salute the GL with MM \$ before balloting. When all inside the Lodge have balloted, W.M. will instruct some Bro. to relieve the Tyler, who, after being informed upon whom the balloting is being done, will cast his ballot and return to his place. The S.D. will cast the last ballot.)

(Where conditions permit, the W.M. may instruct the JD to inform the Tyler to close an outer door during the balloting. After the balloting and before the next order of business, the Tyler will retire to his place and the lodge tyled.)

W.M. Bro. S.D., have all balloted who are entitled to do so?

S.D. W.M, all have balloted who are entitled to do so.

W.M. I now declare the ballot closed. Bro. S.D., you will present the ballot box in the South, West and East. (If more than one ballot box, W.M. will indicate which box the S.D. is to present and instruct other brothers to present the other boxes.) (If ballot is favorable, he then says) — Bro. J.W., how do you find the ballot in the South on the petition of Mr. A. B. (or Bro. A. B.) to become a member of this Lodge by initiation (or affiliation)?

J.W. Fair in the South, W.

W.M. Bro. S.W., how do you find the ballot in the West on the petition of Mr. A. B. (or Bro. A. B.) to become a member of this Lodge by initiation (or affiliation)?

S.W. Clear in the West, W.

W.M. And bright in the East. Brethren, by your ballot you have elected Mr. A. B. to receive the degrees of Masonry (or, Bro. A. B. to become a member by affiliation) in Lodge No. Bro. Secretary, you will notify him of his election.

(The above procedure will be followed for each ballot taken.)

(If the ballot is unfavorable, and there is only one black ball or cube, the W.M. will destroy the ballot without declaring the result and immediately reread the application and reballet as shown above. If more than one black ball or cube after first ballot or one black ball or cube after second ballot, the W.M. will declare the petitioner rejected in the following manner:

W.M. Bro. J.W., how do you find the ballot in the South on Mr. A. B. to receive the degrees (or Bro. A. B. for affiliation)?

J.W. Cloudy in the South, W.

W.M. Bro. S.W., how do you find the ballot in the West on Mr. A. B. to receive the degrees (or Bro. A. B. for affiliation)?

S.W. Dark in the West, W.

W.M. And black in the East. Brethren, by your ballot you have rejected Mr. A. B. (or Bro. A. B.) for membership in this Lodge. Bro. Secretary, you will so notify him and return his fees to him. (#)

(When an unfavorable committee report is received or an unfavorable ballot has been announced, the W.M. will read the section of the By-Laws of the Lodge regarding secrecy and the admonition not to discuss the action outside the Lodge.)
