

Abductee Jim Sparks's Encounter with Reptilian Beings, Their Warning and Possible Agenda

December 14, 2006 Albuquerque, New Mexico - Between 1988, when Jim Sparks was 34-years-old, and the spring of 1995, when Jim was 42-years-old, he felt like he graduated to yet another level in his relationship with non-human beings. He had been given the completely conscious task of helping to calm dozens of human men and women brought to an outdoor location for an apparent multiple human abduction. The grey beings were no longer paralyzing Jim and he could consciously walk around and help people at the abduction site before transport to several aerial discs and inside those craft. Sparks felt a mixture of pride about the new alien trust in him, while at the same time he felt guilty that he was helping the aliens to control his fellow humans.

After that, Jim Sparks had an abduction experience that changed him forever, he says, and left him obsessed with saving the rain forests and stopping the human slash and burn by fire that is destroying them. This experience, excerpted here from my book *Glimpses of Other Realities, Vol. II: High Strangeness* © 1998, is puzzling because yet another non-human type comes into Jim's life. These tall, reptilian entities also provoke questions about a possible connection to viper references in Enoch of the Dead Sea Scrolls and the Book of Genesis in the Bible.

There is a predestination doctrine known as the Two Spirit Theology, in which one's soul is said to be fated for all eternity, blessed or cursed as the result of a kind of angelic wrestling match between two of the 'Watcher' spirits: ...a Good Angel and an Evil Angel, who struggle for possession of your soul..."
- Comment by David Flusser, Israeli Biblical Scholar, Dead Sea Scrolls.

The Testament of Amram, Dead Sea Scrolls, translated by Prof. Robert Eisenman:

"I saw Watchers in my vision, the dream-vision. Two men were fighting over me ... holding a great contest over me. I asked them, 'Who are you, that you are thus empowered over me?' They answered, 'We have been empowered and rule over all mankind.' They said to me, 'Which of us do you choose to rule you?'"

"I raised my eyes and looked. One of them was terrifying in his appearance, like a serpent, his cloak, many-colored yet very dark. ...And I looked again, and in his appearance, his visage like a viper. ...I replied to him, 'This Watcher, who is he?' He answered, 'This Watcher ... his three names are Belial and Prince of Darkness and King of Evil.'

"I said (to the other Watcher), 'My lord, what dominion (have you?)' He answered, 'You saw (the viper), and he is empowered over all Darkness, while I (am empowered over all Light.) ... My three names are Michael, Prince of Light and King of Righteousness.'"

Jim Sparks Encounter with Reptilian Humanoids, Their Warning and Possible Agenda

Jim Sparks: "The pulling (abduction) started the usual way with a low-pitched whirling sound, only this time it didn't speed up as fast or get as loud and it was more gentle. I was paralyzed again, but I momentarily regained consciousness before the final transport

sequence was complete and I could see where I was going. That was a first!

"As my eyes opened, I saw that I was at least a thousand feet above the ground and slowly descending. Below me was an abandoned carnival park. I was floating over a large, old-fashioned wooden roller coaster and I wasn't scared! I was calm and relaxed and the ride was so gentle I was actually enjoying it.

"When I was twenty or thirty feet from the ground, I started to slowly rock back and forth several times like a pendulum - almost like I was being guided to a target and this was the final adjustment. Then I saw the profiles of about a dozen large creatures standing in a semi-circle. Although it was night, I could make out the shapes of their body size and they were large, even by human standards. A few inches from the ground, I blacked out.

"As I began to regain consciousness, I was standing and heard telepathically loud and clear:

'We would have given it to you, but we knew it wouldn't have meant anything unless you earned it. It was the only way you could possibly understand what you have been a part of and what you have to do.' (I now know the 'it' was knowledge.)

"I was clearheaded and wide-awake conscious. There were twelve large, humanoid creatures standing in almost a complete circle in which I was a part. The creatures appeared to be at least six feet tall. All of them had their heads turned towards the alien who was standing to my immediate left.

"The only apparent light source was on the face of this creature, like a hologram of a human face superimposed and glowing over the alien's face. It was radiating light and this was done to disguise his true scaly, reptilian appearance. He had done this to make me feel less apprehensive. The creatures didn't take into consideration that as this holographic face spoke and moved its lips, there was no audible sound.

"The voice being communicated telepathically was out of sync with the lips! Plus, the face was obviously a hologram because it was slightly off center from the body. But it worked nonetheless because I wasn't scared.

"As the reptoids transmitted telepathically, I noticed that each alien seemed to be concentrating its thoughts to the creature on my left. One thing for sure, they were of one mind, and it said:

'There are some things you need to understand. Yes, it's true that we have been in contact with your government leaders and heads of power. It is also true that agreements have been made and kept secret from your people. It is also true that in the past, some of your people have lost their lives or have been badly hurt to protect this secret. Our hands had no part in this.'

'We contacted your leaders because your planet is in grave trouble. Your leaders said the vast majority of your population wasn't ready for anything like us yet, so we made time agreements with your leaders as to when your people would be made aware of our presence. This part of the agreement has not at all been kept.'

'It was also agreed that in the meantime, steps would be taken to correct the environmental condition of your planet with our advice and technology. We say advice because we respect the fact that this is your planet, not ours. Your government also broke this agreement.'

"I felt an awful emotion of abandonment from these aliens. They are different. I never sensed true emotion from the other grey aliens before. But the feeling from these reptilian beings was not at all good. It felt like great loss. I couldn't help asking, 'You aren't giving up on us, are you?'

"There was a long pause of silence and I had a strong feeling of tremendous loss. So I asked again, 'Well, are you?' There was another long pause. Then finally:

'No, We are now concentrating our energy on the average person. Your air, your water, are contaminated. Your forests, jungles, trees and plant life are dying. There are several breaks in your food chain. You have an overwhelming amount of nuclear and biological weapons which include nuclear and biological contamination. Your planet is over-populated.'

'Warning: It is almost to the point of being too late unless your people act now. There are better ways to derive your energy and food needs without causing your planet any damage.'

'Those in power are aware of this and have the capability to put these methods into worldwide use.'

"I asked, 'Why aren't we doing it now?' There was silence and the whole thing was so strange because I could see that the whole group was thinking and speaking its mind at one time. It felt good because I was a *participant* in an honest to goodness meeting! The best

part was that for the first time I was getting direct answers to my questions. 'Why aren't we putting these new methods into use now?'

'Those in power view it (technology for clean energy and abundant food) as a military and security threat.'

"Then I got angry as hell and said, 'You mean to tell me our people in power have the ability to save and better this planet and they aren't doing it?!' The thought that technology was being held back from the public because of paranoia and greed outraged me and the aliens saw my anger. But was it true?

'Amnesty'

"I asked, 'What do you mean?'

'Complete amnesty. To those in power, the governments and the leaders who have been suppressing the truth. They can't be held liable for any past wrong deeds. It is the only way these leaders can come forward with the truth. It is necessary that you do this in order to work together and survive.'

"There was silence for awhile as if they wanted me to think about what was just said. This was a hard truth to swallow. If anybody had a good reason to hate their government for covering up this information, it was me and others like me. Most abductees still consider themselves victims who constantly suffer ridicule. When your own government's policy is to say, 'You're just plain crazy,' it only deepens the pain.

"But this is a time when intelligence should rule over emotions. So, I asked, 'How do I fit into all this? What can I possibly do?'

'What you are doing already. We will share much more knowledge with you in the future. Although you understand a lot, we will show you much more. Continue to work with people that come to you. We are aware of the small groups that are forming around the world. These are people who are prepared to learn and we consider them the core. Most important is the condition of your planet. The first step in solving this serious problem is amnesty. We have advice. You will receive more knowledge in the near future.'

"As this was going on, it started to rain. I mean it was pouring! The creatures didn't even budge or try to get out from under it. They didn't have to - we weren't getting wet. Although we were standing completely outdoors with no roof, not one drop of rain touched us. I guess we were being protected by some sort of electric field. I could hear drops as they fell, but there was a clear detectable line (around us) between rainfall and no rainfall. Then they said,

'It's time to go.'

"A thought flashed into my mind. 'Wait, please! I have a request. I want to see what you look like.' I'll never forget their response as long as I live.

'It will strike fear in your heart.'

"I answered, 'It won't scare me so much if you don't stand there and stare at me. It would help if you would just wave at me. Just don't stare. Promise me you'll wave.'

"Now, I can't believe how stupid that request was. I had in the flesh, face-to-face, probably some of the most intelligent creatures from the far reaches of the galaxy with answers that have been plaguing mankind since the dawn of time. And what did I say? 'Could you wave at me?'

"The strangest thing started to take place. A spinning white light with a hint of green began to radiate over their faces and upper bodies, all dozen of them. The intensity of the light slowly got brighter and it was radiating from no direct or detectable source. I could see they were huge. Their upper torso was strong with huge shoulders and a thick, strong neck like football linebackers. As the light became brighter and details clearer, fear and shock zapped through me.

"I said, 'You have scales!' Their faces looked like a cross between a lizard and a snake - nothing at all like the little grey guys.

"Their eyes were small like ours, only diamond-shaped and the pupils were a red color. Their heads were in normal proportion with their bodies, but bigger than ours. The skull looked like their brains stuck out over their foreheads covered by skin. This feature was slightly different among all dozen of them.

"I said in a scared whimper, 'You promised to wave.' And each and every one of them slowly lifted their arms and waved in front of their faces. Their hands were huge with thick, club-like fingers too thick to work fine instruments. But you have to keep in mind that their technology is thought-activated.

"I stood there and stared at them for awhile in silence, absorbing this spectacular sight. Their message kept running through my mind. I was sure that my country has been involved with aliens. Most Americans believe there's been a cover-up. But what really got to me was the message about the poor condition of our planet! Then I felt the acceleration pull and blacked out.

"I understood better their nature and agenda. They are neither benevolent nor evil. They have been among us in secret for thousands of years, maybe longer. But the length of time isn't as much the issue as why they have been among us. I believe they have been farming us for raw materials.

"We humans have been a self-perpetuating crop, a crop that doesn't need much tending and continues to reproduce, at least up to now and all the earth problems. Thank goodness, they don't kill us. They just *use* us. this system has worked well for the aliens for a long time. But now there's a problem and their investment is in trouble. They have spent a lot of time, travel and effort to farm us. But we are on an almost irreversible path of self-destruction. Nuclear and biological weapons and their waste have polluted the air, land and water. Forests, jungles and trees are being cut down or are dying. Now there are breakdowns in the food chain and the rest of the food chain is contaminant ed. Over-population, disease and viruses beyond our grasp with new and more complicated illnesses crop up every day. These are just a few of the problems we humans have created.

"Most of us are blind or numb to this reality because we can still go to the grocer and buy food. We can go to work and back and not see this death and dying. All seems almost normal. But if we environmentally destroy ourselves, the aliens still have an excellent insurance policy. They've been collecting seeds from plants, animals and humans. Through semen and ova extraction, the aliens can start us, or other earth life, all over again here, or somewhere else."
