### Why Do UFOs Sometimes Play Cat and Mouse with Humans?

© 2007 by Linda Moulton Howe

*I was immediately made aware that this being was a powerful being ...  
I was instantly aware of its superiority to me."*  
- Lee Hudson, Licensed Mechanic, Calgary, Alberta, Canada

Coronation, Alberta, Canada, underlined in yellow. Battle River, north of Coronation, is also underlined by yellow. Outlined in red is the Canadian Forces Base Wainwright (C. F. B. Wainwright). The base has a 620 square kilometer training range used for live-fire artillery and armor and infantry exercises.

**February 8, 2007 Calgary, Alberta, Canada** - I began interviewing law enforcement and ranchers back in 1979 about the worldwide animal mutilation mystery. Often, I would hear about bright, aerial lights that would pace moving cars and trucks, stopping when the driver stopped, moving when the driver moved, turning when the driver turned - "like cat and mouse games," many said.

Recently I received another report about a large, bright light that played cat and mouse with a Canadian driver. But that encounter was soon followed by close-up communication with what the man describes as a "powerful, superior being."

The date was December 1979, right before Christmas. The location was the Battle River valley about twenty miles north of Coronation, Alberta, Canada. The time was around 11 PM. Lee Hudson was 24-years-old then and a licensed mechanic. He was getting off work late and headed for his parents' farm outside Coronation. As he drove over Bedson's Hill, he noticed a bright, amber-colored glare down in the Battle River. Lee could not see what was causing the yellow-orange light, so he stopped his car on top of a hill to get a better look.

**Lee Hudson, Licensed Mechanic, Calgary, Alberta, Canada:** "I stepped out of the car and I know when I first saw that (glow), my first thought was that it must be some kind of brush fire, a fire going on down there. But it just didn't add up because there was snow on the ground and how and why should there be a brush fire in the middle of winter?"

Just as soon as I stepped out of the car and was standing still, I could see the light was moving. It was moving eastward and westward, first forward and then backward, up and down the river valley. But there is no road running east and west along the river. So, right away, I just felt a twinge like this doesn't – of all the things I've seen in my life, I've never seen anything I couldn't explain at that point in time. But this was not adding up. It was a very bright glare, but it was moving in places where there were no roads. It didn't look right at all.

So I got back in the car. I didn't really feel fear at that point, but I was wondering, 'What on earth could that be?'

I thought I would get moving again and got in the car and went down through the Cooley and swung east at the intersection. I looked over to the north toward the river and this thing rose up out of the river bottom. Just within an instant, like one second, it was beside my car - that's a distance of three miles!

This thing hugged the tree line as it came toward me. It curved in and out along the tree line, making this tremendous arc as it came toward me. The speed this thing was moving, I do believe any manmade device changing direction at that velocity, the inertia would tear it apart. So, right there I immediately knew that this was nothing like I had ever seen!

Then it comes up right beside my car, just hanging off over the field a little ways, like maybe 50 feet away from the car. It was above the ground at this point. I was still moving. The whole area was lighted up like daylight in the middle of the night.

## Lee Hudson Tries to Outrun Aerial Light

I could have turned my lights off and driven without my lights if I wanted to, it was lighted up everywhere clearly. My first instinct was to accelerate and get away. I had this Coronet Super Bee with a lot of power. I put the gas down and I took off quite fast, about 100 mph on a gravel road, too fast. This thing just hung right there with me. I don't really know why I thought I could outrun it, but it was an instinctive thing. But I could see that I was not going to outrun it. Fear started to set in a little bit. So, I put the car up as fast as it would go and I was up around 130 mph. I remember I was having trouble actually controlling the car.

But this thing was right there, right outside my side window. It was so bright that to look at it head on was like trying to look at a welding arc or something. It was so bright! I couldn't really distinguish depth because of its brightness. But I could tell it was more or less circular, like as big as a two-story house and maybe 70 feet in diameter.

I carried on for four miles east of there of the intersection. Then you come to a curve in the road that swings north toward my dad's farm. I slowed down enough to negotiate that curve. I guess I felt the thing would turn with me because it was obviously following me. I expected it to turn north, too, I guess.

But wrong. It didn't swing north. So when I started coming around north around the curve, this thing just keeps going straight across right in front of me. I thought I was going to hit it, or it was going to hit me. I remember my windshield just absolutely blotted out with light. When this thing crossed in front of my car, you could see nothing. It was just a blinding light glaring through the windshield.

I slammed on the brakes to try not to hit it. Somehow it did get passed me without hitting me on its closest approach when it passed in front of my car. I remember I could definitely hear this sound associated with it, which was not like any sound you hear from any manmade machine, that's for sure!

The sound I could hear when it crossed in front of my car was a fizzy, static-kind of sound, like a comb running through dry hair, or a cold can of coke you just cracked open and put up to your ear. That's the sound it made. An electrically static-like sound.

This thing passed on in front of me and then stopped out in the field just off to my right, on the east side of my car and slightly forward. Now, it was like maybe a couple hundred feet from me. Still standing up about 20 feet above ground level. It was at that point that I remember just staring at the thing. I don't remember how long I looked at it. I thought I

looked at it for ten or fifteen seconds. But I was just stunned, amazed. This thing was like nothing I had ever seen. It defied gravity, just stood there in the air.

It had just chased me for four miles. So it's like I go, it goes. I stop, it stops. I'm sitting there looking at it and I remember thinking, 'It's like some kind of little chase game going on here.' It's like it was waiting for me to get going again so they can chase me some more. I got this definite feeling like cat and mouse game.

I started the car back up and swung it in reverse. I did not want to go forward because I would have to get closer to the thing. To go home, I had to keep going north and I didn't want to (laughs). So, I started the car up and threw it into reverse and swung it around in the middle of the road backwards and headed back around the curve I'd just come around. I went back in the direction I'd come from.

I got around the curve. Tom Black's place was just another quarter of a mile back from where I came. So, I did not look behind me. I just headed for Tom Black's approach (driveway). I remember that when I started to turn into his approach, I slowed down considerably and looked back over my shoulder at that point. I got brave enough to look behind me once I was headed into Tom's. I saw the thing lift off and just like in one to two seconds, I saw this thing negotiate the curvature of the Earth probably a distance of about 50 miles to the horizon. It went from the size of a huge house to a pinpoint of light and I could definitely see it curve as it went out of sight. In that much time, this thing could accelerate without torn apart, mind you, and disappear down to a pinpoint of light in one to two seconds. Anything manmade, I can tell you, would be torn apart.

I was still pretty scared at that point, so I drove on into Tom's and went up and beat on his door. Tom got out of bed, turned on the porch light and he looked out. He asked, 'What's happening?' I told him that this big bright light was chasing me. I knew Tom well because he was our neighbor. But Tom was very tired and I could see there was no point carrying it any farther, so we said good night. I felt better after I had talked to another human being (laughs). I thought, 'Well, I'm going on home. Maybe it won't come back.'

YOU WERE 24 THEN, RIGHT?

That's right.

THAT SORT OF SETS THE STAGE FOR A REMARKABLE EVENT THAT TAKES PLACE LATER.

## Powerful, Superior Being

The next weekend, I was off work. I was just laying on the couch resting. My Mom and Dad had gone to town to shop. I wasn't reading. I wasn't watching TV. I was not asleep. I had just lain down and closed my eyes.

All of a sudden at that instant, something came in the room. Something entered my mom's living room, some kind of entity. I was not allowed to look at it. I was immediately made aware that this being was a powerful being, like an omnipotent kind of being. I was instantly aware of its superiority to me. It made you aware that it was far superior to you.

LEE, WHY IS IT THAT YOU FELT LIKE YOU COULD NOT LOOK AT IT? DID YOU HAVE TELEPATHIC THOUGHTS IN YOUR MIND? WHAT HAPPENED?

This thing immediately began to speak to me, but not in words as such. Just into my mind, it projected its thought into my mind. Unmistakable. It was as crystal clear as you can imagine as far as communication between this being and me. I became instantly paralyzed when this thing entered the room. I could not move. I could not open my eyes. Wild horses would not have opened my eyes. This thing just exerted such a force over you, like an overpowering, overwhelming force. But I knew in my mind as clear as a bell where it stood. I knew it was standing right beside the couch about a foot away from my side.

It was frightening, I can tell you! I've never had an experience like it either before or since. It just was something I'll never forget.

It stood there and immediately started communicating to me, issuing orders at me, military style, one after another - extremely powerful orders, and they were impossible to disregard. You could not disregard these orders. You weren't allowed to.

LEE, DO YOU REMEMBER ANY CONTENT?

Yes, I do. As far as the orders themselves, no. It's strange because I can remember there were these orders. They are unmistakable. I've never forgotten how it barked the orders at

me. I had to say, 'Yes, I understand, absolutely. Yes, I understand perfectly. Yes, absolutely.'

This went on and on for like fifteen minutes or so. And I remember answering each order, 'Yes, I understand. Absolutely.' It was like that. I was not allowed to say no in any manner.

BUT YOU DON'T REMEMBER ANY DETAIL OF THE CONTENT OF THE ORDERS?

Not one tiny shred. When this thing finally released me, when it let me go, it disappeared, was gone as quickly as it came. I was released. I got up. I ran out of the house to get some air. I stood outside there and I remember immediately as I got out on the steps, I was thinking, 'What were the orders? What were the orders?' I couldn't remember anything of the actual orders and that is something that has bothered me ever since. What were the orders? I've wondered from time to time: 'Have I carried out these orders subconsciously? Or have I defied these orders?' Either one is probably equally undesirable. I don't know whether I've done the orders or defied them! But I do know that for some reason it chose to blank my mind out as far as what the orders were. It did not blank out that I had been issued orders. I definitely knew I had been issued orders.

THIS WAS ABOUT 30 YEARS AGO?

Yes, going on 30 years.

## Forehead Implant?

IN THOSE 30 YEARS SINCE THAT TRAUMATIC EVENT, HAS ANYTHING ELSE HAPPENED THAT WOULD FALL INTO THE CATEGORY OF OTHER-THAN-HUMAN INTELLIGENCE IN YOUR LIFE?

That same day, later on that day, I noticed a sore spot on the side of my forehead above my temple and forward and up a bit. I did not actually notice it until I touched it. Then I noticed this little sore area. It was on the side of my head that was exposed when this thing was visiting me. It was tender there, but there was no bleeding. The skin was not broken. It just felt tender.

Within the months that followed, this tender spot developed into a bony lump on the side of my forehead and it's been there ever since. It doesn't hurt. It's just there.

DO YOU ASSOCIATE IT WITH MONITORING BY THE BEING?

I hope not. I have wondered if this thing was tracking me? Is it manipulating me? I don't

know. I've wondered about it. I have a daughter who is a registered nurse and this thing on my forehead gives her the heebie jeebies. (laughs)

LEE, HAVE YOU EVER HAD IT X-RAYED?

No, I haven't. I was at a doctor once who asked me, 'Where did you get that knot?' I didn't really want to go through the story, so I just said, 'I don't know.' He said, 'Well, if you want, I'll get it removed, if you would like to do it.' I guess I was afraid to do that. I've never done that.

## Agendas?

WOULD IT BE FAIR TO SAY THAT THIS POWERFUL, UNSEEN ENTITY NEXT TO YOU ON THE SOFA YOU WOULD LINK TO WHATEVER WAS IN THE LIGHT THAT PLAYED CAT AND MOUSE WITH YOU THE WEEK BEFORE?

I definitely do. I link the two as the same event, just days apart. In my mind they are definitely associated events. I don't hallucinate. I've never had strange things happen before or since.

Before the 1979 event happened, I wasn't really a scientific kind of guy. I was mechanical, yes. But, I wasn't into physics or science. But since that event, I've had many ideas come to me – most I'm not even looking for. I don't go looking for ideas, but quite often these things will come to me, and often in my sleep. I'll wake up with an idea about different things regarding higher level mechanics, physics.

DO YOU ASSOCIATE THAT POSSIBLY WITH WHATEVER THE OBJECT IS THAT'S IN YOUR FOREHEAD?

Yes, I do. I associate it with that or with the visitation or orders. I've wondered if it might have something to do with those orders (by the superior being)?

It might be that these beings had something to do with our being here in the first place, which might be their interest in us. They might be sort of watching us and from time to time, interacting and influencing us.

WHY DO YOU THINK YOU WERE PLAYED CAT AND MOUSE WITH?

It actually crossed my mind, do you suppose these beings were actually entertaining themselves. They were going, 'Look at this earth guy. Let's just play with this guy a bit and see how he reacts.' Do you think that's possible?

I WOULD NOT DOUBT IT AT ALL. BUT WHAT WE HUMANS TODAY IN 2007 WHO ARE AWARE THAT WE ARE NOT THE ONLY LIFE FORM INTERACTING WITH THIS PLANET AND WHAT WE ARE CHALLENGED BY IS TO UNDERSTAND THE AGENDAS OF AN APPARENT VARIETY OF NO-HUMANS. IN YOUR CASE, YOU'VE HAD FIRSTHAND EXPERIENCE WITH SOMETHING QUITE EXTRAORDINARY. SO, WHAT I'M CURIOUS ABOUT IS WHAT DO YOU THINK THE ENTITY THAT DEALT WITH YOU IN THE LIGHT AND PLAYED CAT AND MOUSE AND THEN LATER APPEARED, NOT ALLOWING YOU TO SEE IT, PARALYZING YOU BUT GIVING YOU ORDERS. WHAT DO YOU THINK THE AGENDA IS?

Well, it could be frightening. I've had this feeling that it's possible the agenda that they have might have to do with the prevention of our destruction, our own self-made destruction. That is one possibility. They might be trying to intervene, but in a frightening sort of a way.

These beings definitely mean business. I can tell you that. They mean business! Whatever they are telling us, when you come face-to-face with them, like I did, boy oh boy! There is no joking around them. It's serious stuff. There are no words I can come up to describe the seriousness that this thing impressed on me. It's impossible to describe in words.

AND YET ISN'T THAT THE METAPHOR FOR THE LAST DECADES AND MILLENNIA – YOU HAD THIS INCREDIBLY SOBERING EXCHANGE WITH A PROFOUND INTELLIGENCE, BUT YOU AS A HUMAN DON'T REMEMBER ANYTHING IN DETAIL.

That's right.

IT MAKES YOU WONDER – WHAT IS THE AGENDA? WHAT WAS IMPARTED TO YOU? AND LEE, DO YOU HAVE ANY SENSE OF WHAT COULD BE COMING IN

## THE NEXT FIVE TO SIX YEARS OR SO?

I think I do, yes. I've had this feeling of foreboding about the not too distant future. I think we're back on the nuclear holocaust doorstep.

## SO WHERE DO YOU THINK IT COULD ALL BE HEADED?

I think it's headed for holocaust, unless there is some kind of intervention."
