

Part 3: Military Insiders Comment About Zeta Reticuli and EBENS

© 2007 by Linda Moulton Howe

*"I think the Ebens can travel in and out of time any way they want to.
I think that's why they know the future, what's going to happen.
And I think they even know how to tinker around with
time lines to change things." - Military Insider*

Return to **Part 1**

September 7, 2007 Albuquerque, New Mexico - The government insiders I am calling "Sherman" also had information about non-human genetic manipulation of Earth life. I asked him, "From your point of view, are Ebens the only non-humans that have experimented genetically on this planet?"

Sherman: "All I know is that the Ebens started an experiment, but they could not keep out other space travelers. Word got out that this planet was a strange place to visit and that different experiments were not going the way the Ebens wanted. Part of the Eben problem might be because there are 'bad guys' doing experiments, too, that might harms us. That really confuses matters when it comes to understanding who wants to help humans and who does not."

"Extraterrestrial Biological Entity (EBEN)," sketched by Colorado husband who was lifted along with his wife out of car on freeway north of Denver, Colorado, in November 1980. Upon seeing this and other sketches, one military source told me, "That is an EBEN." What Are "Praying Mantis" Non-Humans?

"In abduction reports, people describe creatures that look like praying mantis insects. What are those?"

Praying mantis-creature encountered around noon time by David Huggins at Georgia farm when he was eight in 1950. He associated entity with small, grey beings, which David thought were androids programmed to do work for the praying mantis and tall humanoids. "Praying mantis" entities with small android encountered by David Huggins multiple times from age eight to his twenties. From Huggins's point of view, the praying mantis entities were in charge of the small androids and were overseers of research projects involving human beings. But what is the relationship between the praying mantis entities and the Extraterrestrial Biological Entities (EBENs)? Drawing © 1989 by David Huggins.

"As far as I've heard, they could be very advanced androids, which can oversee long-term projects that last for thousands of years. But I'm not certain who they work with or for."

"Are they associated with the Ebens?"

Praying Mantis Entity Described At Bentwaters AFB Encounter, December 1980

"Well, they were on one particular occasion in 1980 at Bentwaters AFB in England. [See *Glimpses of Other Realities, Vol. II: High Strangeness* © 1998 in **Earthfiles Shop**.] But there is a lot of confusion. Before then (December 1980), I had connected praying mantises with the Greys. It could be if was just a robotic type that the Ebens had made and was different from the actual praying mantises. But I saw photographs and a video from the Bentwaters landing that showed a scary-looking creature that looked like an insect raised up on two legs with two more legs held up in front. It was with a report that described big insect-looking eyes and pincher hands."

"Was there any color?"

"It was dark (night), but there was a glowing aura around the creature. And in the aura, you could see protrusions in the jaw area that reminded me of tusks or something."

"If that was in the photographs, what was on the videotape?"

"Two sequences that were shot on the second and third nights. The one on the second night showed the craft as clear as can be."

"What did you see?"

"It was a typical saucer with four protrusion legs coming out the bottom to the ground."

"Did they look like erector set struts?"

"Yeah, you could see holes in them. A ramp was down on the side facing the camera and the cameraman walked right up to it. And he focused the camera on the ramp thing sticking out of the disc and it was like transparent! You could see the ground through the ramp."

"Did anyone explain to you how the ramp could be transparent?"

"No."

"And the surface of this disc in the video you saw - did it have any raised symbols on it?"

"Yeah, one of the segments showed symbols. There's a whole fifteen minutes of this camera panning up and down the side of the symbols raised up on the surface of the flying saucer."

"Did you recognize anything like Greek?"

"No, I know that alphabet. This was more like hieroglyphics on cave walls, more picture types of things, at least to me."

"And this was all associated with the praying mantis being?"

"No, one of the video segments shows a normal-looking Eben at the base of the craft standing next to the Base Commander."

"Col. Gordon Williams?"

[Editor's Note: Col. Gordon E. Williams, was Commander of the 81st Training Wing at Bentwaters AFB in England from August 7, 1979, to April 23, 1981.]

"Right. It was like a portrait. This guy (Col. Gordon Williams) is standing next to an Eben just as clear as can be."

"And was the Eben dressed in a silver suit?"

"Kind of a metallic, shiny suit, right."

"Did you read anything about what happened at Bentwaters?"

"I had beer with a Major back in 1988 who told me Bentwaters was a helping hand-type of thing on our part. The alien craft was getting ready to crash and needed some work and we actually had our Air Force mechanics try to figure out with the Ebens what to do. And they ended up manufacturing something."

Eben Time Travel Technology

"Did you ever hear anything about time travelers at Bentwaters?"

"You mean besides the Ebens?"

"Maybe different, or are Ebens time travelers from the future?"

"I think the Ebens can travel in and out of time any way they want to. I think that's why they know the future, what's going to happen. And I think they even know how to tinker around with time lines to change things."

Who Are the Tall Blond Entities?

Six to seven-foot-tall blond female humanoid, which had "pearlescent, translucent complexion" and cat eyes (lower inset) as described by New Jersey adult female who was abducted along with her family in 1987. Artist renderings by L. Huffman for Linda Howe in 1993 investigation.

See *Glimpses of Other Realities, Vol. II: High Strangeness* in **Earthfiles Shop**.

"Sherman, what about the tall blonds who are human-looking aliens about five to six feet tall?"

"Yeah, they have blond or real pale hair. Females have longer hair. Very slender. Nose and eyes are similar to humans, but they have invisible, double lids, apparently for filtering light or something. It's confusing, though, because the Ebens have made humanoids that actually look human, a spitting image of a high cheek boned human with Scandinavian features. And so have the bad guys."

"He (prominent French biochemist) was taken into a special room where he could leisurely study the corpses of two humanoids. They were very tall (2.3

meters or so, or 7 feet 3 inches) and bore hideous mutilations on their bodies, as if they had been the victims of a road accident! The heads of these two creatures were intact.

The forehead high and broad. Very long blond hair. The eyes were stretched towards the temples which gave them an Asiatic look. ...the humanoids were of extraterrestrial origin."

"Bad Guys" Versus "Good Guys"

Left: Drawing of Grey-type entity by L. D., Southern California adult female, in 1980.

Right: Small "android" that seems to do work for taller, "Greys" drawn by David Huggins, New Jersey, adult male in 1987, based on numerous close encounter experiences since age eight which involved sperm collection. Drawing © 1989 by David Huggins.

"Who are the bad guys?"

"The Greys."

"Why are they bad?"

"They lie and they cause problems among the citizenry."

"You mean, human abductions and animal mutilations?"

"Well, officially, the government has never acknowledged that the aliens abducted anybody."

"But we know that non-humans are abducting humans, including the Ebens."

Sherman laughed. "Yeah, you could probably make a good argument for that, but I never read anything official where MJ-12 admitted it. Everything I've read is about the cooperation between the Ebens and the humans in the Red Book and the Yellow Book. It's all about the Ebens and nothing about the Greys, other than what the Ebens write about Greys in the Yellow Book. And that's not just about Greys, but all the other different races the Ebens have come upon in their exploration of the universe and how they view those different other races."

"What is the Red Book?"

"We, our government, wrote the Red Book based on the information we've gathered ourselves about the Ebens."

To be continued in **Part 4** - Difference between Ebens and Greys.
