Part 6 - Real X-File, Source Unknown

© 2008 by Linda Moulton Howe

Return to **Part 1**

March 15, 2008 Albuquerque, New Mexico - Continuing "Blue Planet Project" with Pages 53 through 65.

Allegedly a surviving species mutated from Kasimar/Insectoids, which are described as very dangerous and primitive creatures. Earth's demon legends are related to this "Deviant species."

Earthfiles, news category.

META-TERRESTRIAL - CODE: MEREDITH - (Aliens from another Time/Space or Earth people from another Time/Space). META-TERRESTRIAL visitors are from another time and space. This information was recovered from CRM/26.06 - ABR-26, as well as other crash sites. **Time Travelers** - Our files take only the Essessani Race. A cross-breeding between Humans from Earth and Extra Terrestrial from Zeta-Reticulae from one of our possible futures.

Of course it is possible there could be other races of Meta-Terrestrial, we just don't have enough data yet about it. **NOTE:** You found a example of Essessani Race watching the Steven Spielberg's movie "Close Encounters of the Third Kind" (Look for the special version, it's better).

54

PARA-TERRESTRIAL - CODE: PARAMUS (Aliens from multi-universe). The Para-Terrestrial come from several different parallel universes from the Multiverse. When they accelerate or decelerate the frequency of vibration of their atomic structure they are able to exist at our 3rd dimension. This information was recovered from IACT/26, OBR-32 - AC 204 (BANTY), as well as other crash sites.

We can't tell much about these beings, because we don't have enough Data about it yet.

1. The name of this creature is almost impossible to repeat or even to write. We call this intelligent creature **XZ**. They look like one single Ameba or Jelly.

The XZ Creature

55

2. The MOOK - A very small (1.3 Meter) and hungry creature with long arms and three fingers, wearing funny cloths.

The MOOK

3. The WADIG - Looks like a primitive kind of primate but he is an intelligent being. Normally he never wears clothes (this fact, makes strong the idea some people believe that the WADIG is some kind of primitive missing link)

We can continue talking about Para-Terrestrial but is not logical because we don't have necessary quantity of Data for making good research. This is because we talked only about the X2, The MOOK and the WADIG just for literal illustration of matter.

GREYS

EXTRA-TERRESTRIAL - CODE: EBE (Aliens from 3rd dimension, or from outside earth). This information was recovered from IAC - XXXX - P14AB and IAC - XXXX - P14NR, as well as other crash sites.

Extra-Terrestrial

Wrongly designated ALFs, (Alien Life Forms). I said that because all other five types are ALFs also. All six types of aliens are ALFs.

We have around 160 different species at our biosphere from several points in the universe. They are Humanoids, Human and Not Humans.

We talk now about the other five Alien races that stayed much longer than any other race and have much more influence during our history.

1. Type A: Rigelian, Rigel, or Gray
2. Type B: 2-Reticulae, Z-Reticulae 1, or Grey
3. Type C: 2-Reticulae, Z-Reticulae 2, or Grey
4. Type D: Orion, Pleiades, or Nordic
5. Type E: Barnard Star, Orange

THE FIRST EBE - IAC - XXXX - P14SC

EBE is the name or designation given to the live extraterrestrial Alien captured at the 1947 Roswell, New Mexico crash. He died in captivity.

NOTE: O. H. Cril was a 'Joke' created by John Lear and other friend for personal purposes. No body knows why Lear denies the KRLL existence.

KRLL

KRLL or KRLLL or CRLL or CRLLL pronounced Crill or Krill was the hostage left with us at the first Holloman landing as pledge that the Aliens would carry out their part of the basic agreement reached during that meeting. KRLL gave us the foundation of the **YELLOW BOOK** which was completed by the Alien guests at a later day. KRLL became sick and was nursed by Dr. G. Mendoza who became the expert on Alien biology (Exobiology). His information was disseminated under the pseudonym O. H. Cril or Crill. KRLL became the Regelian Ambassador to the United States. There have been rumors of KRLLs death. We don't know if they are true or not.

RIGELIAN

The Typical Malevolent ALF as represented thus far can be described as follows:

- Between three (3) to five (5) feet in height.
- Erect standing biped. Long thin legs.
- Small build (thin).
- Head larger than normal, (to human proportions).
- Absence of auditory lobes, (external ear lobes).
- Absence of body hair.
- Large, tear shaped eyes, opaque black with vertical slit pupils, (cats eyes).
- Eyes slanted approximately 35 degrees.
- Small straight mouth, with thin lips.
- Arms resemble praying mantis, (normal attitude), arms reach to knee when extended.
- Long hands, with small palms.
- Claw like fingers, (two short, two long webbed fingers).
- Tough, grey skin, reptile like in texture.
- Small feet with four (4) small claw like toes.
- Some organs are similar to humans but developed in a different evolutionary process.
- The most significant finding is that they have a nonfunctioning digestive system and two separate brains. The digestive system in those examined were atrophied, conforming to absence of provisions in recovered crash. This however, is still just preliminary findings.
- Movement is deliberate, slow, precise.
- Secondary findings, after crash site study - Alien subsistence requires that they must have human blood and other human biological substances to survive. In extreme cases (circumstances) they can subsist on other animal fluids. Food is converted to energy by Chlorophyll through photosynthesis and waste products are excreted through the skin, (some kind of botanical life form ?). These creatures possess two separate brains separated by the mid cranial lateral bone partition, (anterior brain, posterior brain) with no apparent connection between the two.
- ALF₁ furnished extensive information on the Aliens and their history which is known as the "YELLOW BOOK".
- Because the Aliens have a tendency to LIE, we can't be 100% sure about all the information inside the "YELLOW BOOK".
- LUNA-1 is the Rigelian base at the other side of the Moon, or the far side of the Moon like some scientists prefer to say. It was seen and filmed by the Apollo Astronauts. A base, a mining operation using very large machines, and the very large Alien Crafts described in sighting reports as "Mother Ships" exist there.
- WAVENEST is the Rigelian base in the Atlantic Ocean. A under water Alien base, mining and big

Cigar shaped crafts.

The Rigelian Saga - The original contact between the government and the Extra-Terrestrial Biological Entities (EBEs), who normally are Grey in color and about three and a half to four and a half feet high and coming from the Rigel Star System (hereafter referred to as the Greys) was achieved between 1947 and 1971. We knew that the Greys were instrumental in performing the mutilation of animals, as well as some humans and that they were using the glandular substances derived from these materials for food (absorbed through their skin) and to clone more Greys in their underground laboratories. The government insisted that the Greys provide them with a list that would be presented to the National Security Council (this list has never been completed). Through all this, the government thought that the Greys were basically tolerable creatures, although a bit distasteful. They presumed at the time that it was not unreasonable to assume that the public would and could get used to their presence. Between 1968 and 1969 a plan was formulated to make the public aware of their existence over the succeeding twenty (20) years. This time period would culminate with a series of documentaries that would explain the history and intentions of the Greys.

The Greys assured the government that the real purpose of the abductions was for monitoring of our civilization, and when they learned that the abductions were a lot more frequent and insidious than they were led to believe, the government became concerned. Their concern was also based on additional information regarding the purposes for abductions. By the time the government had found out the truth about the intentions of the Greys, they, the Greys, intended to stay here, where they always will stay in control of Earth, "it was too late". The government by mistake had already "Sold Out" humanity. Not that it would have made any difference, because they were here doing what they were doing anyway.

In 1983, a story was outlined by the government sources that said that the Greys are responsible for our biological evolution through manipulation of the DNA of already evolving primates on this planet, they don't like to tell anybody that the real Rigelians are Nordics and they found survivors from one big catastrophe, the ancestral seven races, the Uni-Terrestrials. Various time intervals of the DNA manipulation were specified for 25,000, 15,000, 5,000 and 2,500 years ago originally, the government thought that the Greys meant us no harm, but in 1982 to 1988 the picture that emerged was exactly the opposite. The story now is one great deception at several different levels. The Greys "Trojan Horse" style manipulation and lying, which involved MJ-12/Majic forces, from over four decades ago, now it's 1990, the government still uses disinformation on the subject of UFOs, in order to perpetrate the agreement with the Greys, free of public scrutiny; the lies to the abductees, the Greys ongoing abduction of people and mutilation of animals in order to harvest enzymes, blood, and other tissue for their own survival needs, and a genetic blend of the Grey race and a tall Nordic act to enable Grey interface with humans to be done with greater ease. The apparent reasoning for the Grey preoccupation with this is due to their lack of a formal digestive tract and the fact that they absorb nutrients and excrete waste directly through the skin. The substances that they acquire are mixed

with hydrogen peroxide and painted on their skin, allowing absorption of the required nutrients. It is construed from this that some weaponry against them might be geared in this direction.

The innercore of the CIA is deeply controlled by the Greys. The CIA view's interaction with the Greys as a path to greater scientific achievement. One reason for so many UFOs is that other cultures are watching with extreme interest. Scientists from other cultures arrive to watch. The Greys also are working with some groups of UFO fanatics, lying to them, and using them. The ultimate evil is masked and is of psychological complacency that leads one to adhere to a group philosophy rather than eke out one's own horizons. As soon as you acquire an awareness of being a so called "chosen special group" you are on the road to a fall. That is the seed of destruction in any society and any culture and it leaves it vulnerable. It will be the eventual undoing of the Greys as well. They see not their error, it is the very weakness they seize upon that is their own inherent weakness. To try and change a Grey, or a mistaken cult type of "Star Person" (following the Grey plan) is futile. It will happen but all in its own good time, it is the spirit that makes anyone stand up and disagree with something that is untrue and incorrect that will be the thorn in the side of the Greys, and other forces that have allied with them.

Allen Bases at SOL III Perimeter - During the occupation of the Greys, they have established quite a number of underground bases all over the world, especially in the United States. One such base, among other in the same state, is under Archuleta Mesa, which is about two and a half miles Northwest of Dulce, New Mexico. Details about that base come across by way of several different sources. This is a Kilometer underground base beneath *Archuleta Mesa* and the *Jicarilla Apache Indian Reservation* since 1976, one of the areas of the U.S. hardest-hit by mutilations. This installation is operated jointly as part of an ongoing program of cooperation between the U.S. government and EBEs. There are also underground bases at *Kirtland and Holloman Air Force Bases*, as well as, at scores of other bases around the world, including *Bentwaters, England*.

Back to the base under discussion, "Archuleta Mesa" we have the following data on that base. The base is two and a half miles Northwest of Dulce, and almost overlooks the town. There is a level highway thirty six (36) feet wide going into the area. It is a government road, and one can see telemetry trailers and five (5) sided buildings with a dome. Next to the dome, to the North there is a launch site. There are two wrecked ships there. One can see thirty six (36) feet long oxygen and hydrogen tanks near them. The ships that we got to, near the tanks, were atomic powered with plutonium pellets. Refueling of the plutonium is accomplished at Los Alamos.

The base has been there since 1948. The base is 4,000 feet long and helicopters are going in and out of there all the time. In 1979, something happened and the base was temporarily closed. There was an argument over weapons and our people were chased out. The Aliens killed sixty six (66) of our people and forty four (44) people got away. One of the people who got away was in fact a CIA agent who, before leaving, made some notes, got some photos and video tapes, and went into hiding. He has been in hiding ever since, and every six months he contacts each of five people he left copies

of the material with. His instructions were that if he missed four successive contacts, the people would do whatever they want with the materials.

Somehow, a description of the *Dulce Papers* were issued, and was received in December 1987 by many researchers. The Dulce Papers were comprised of some twenty five (25) black and white photos, a video tape with no dialogue and a set of papers that included technical information regarding the jointly occupied U.S. and Alien facility one (1) Kilometer beneath the Archuleta Mesa near Dulce, New Mexico. The facility still exists and is currently operational. It is believed that there are four (4) additional facilities of the same type, one being located a few miles to the Southeast of Groom Lake, Nevada.

A general description of what these papers contain is that they contain documents that discuss Cooper and Molybdenum, Magnesium and Potassium but mostly papers about Bill Copper. Sheets of paper with charts and strange diagrams. Papers that discuss Ultra Violet light and Gamma Rays. These papers tell what the Aliens seek, 'The Secret of The Metagene' and how the blood, taken from cattle and some humans is used. They tell why some Aliens seem to absorb molecules to eat by putting their hands in blood, sort of like a sponge, for nourishment. It's not just food they want, the DNA in cattle and humans is being altered.

Why a 'Type-One' creature is used as a Lab Animal, and how to change the atoms to create a temporary, almost human being. It is made with animal tissue and depends on a micro computer to simulate memory, a memory the computer has withdrawn from another human being, creating some kind of Clone. The almost human being or Clone is a little slow and clumsy. Real humans are used for training, to experiment with and to breed with these 'almost humans'. Some are kept in large tubes, and are kept alive in an *amber type liquid*.

Some humans are brain washed and used to distort the truth, certain male humans have a high sperm count and are kept alive for that reason. Their sperm is used to alter the DNA and create a non-gender being called 'Type-Two'. That sperm is grown in some way and altered again, put in wombs. They resemble ugly humans when growing but look normal when fully grown, which only takes a few months from Fetus size, but they have a short life span, less than a year. Some female humans are used for breeding, and subsequently, countless women have had a sudden miscarriage after about three (3) months into the pregnancy, and some never know they were pregnant, others remember contact some way. The fetus is used to mix the DNA in types one and two. The make-up in that fetus is taken at three (3) months and grown elsewhere.

That's what the 'Dulce Papers' talk about, (some of this information is covered in volume two 'The Pulsar Project'). There are some pen and ink reproductions of what one of the wombs look like i.e. two (2) by four (4) feet, an illustration showing one of the tubes in which the 'almost humans' are grown, a page showing a simple diagram of crystalline metal, pure gold crystal, and what looks like either a genetic or metallurgical diagram or chart. Also attached is what looks like an X-Ray diffraction

pattern and a diagram of hexagonal crystals, with a comment that they are best for electrical conduction. It would appear that the last half of the material in the papers applies to the super crystalline metal used for hull structure, or something along that line.

Obviously, this is all rather bizarre from a certain point of view, any point of view, in fact, material that is supported by years of descriptions and multitudes of corroborations must mean something, especially when compared against what seems to be going on. It is apparent from this, and other data that has been accumulated over the years, that there are underground bases and tunnel complexes all over the world, and that more are being constructed all the time. Many of you may recall the "Shaver Mysteries" and inner-city stories, well, all that is true. There are cities down there, amongst other things, and some of them have nothing to do with the main subject of this document. They've been under there a long time.

Let's change direction for a moment, one individual by the name of Lew Teri has been working on some ideas regarding Geomagnetic Anomalies, which UFOs may use. We will go into what he has discovered, although the concept of the relationship is not new, and let you judge that for yourself.

After purchasing Aeromagnetic and Gravitational Anomaly Maps for the United States Geological Survey, it became evident that there was indeed a valid connection between these areas and UFOs. Mr. Teri gave a lecture in Arizona about that relationship, and was harassed by the FBI, and told that the information was and is sensitive. Mr. Teri took the hint and declined to talk publicly about it to the degree that he had been doing. Both the aeromagnetic and gravitational (Bouguer Gravity) maps indicate basic field strength, as well as areas of high and low field strength. Interestingly enough, the areas of maximum and minimum field strength have the following:

- All of these areas have frequent UFO sightings.
- All are either in Indian Reservations, Government land, or Government is trying to buy up the land.
- Many of them, especially where several are clustered together, are suspected base areas and/or areas where mutilations and abductions have historically taken place.

In these observations, Mr. Teri has gone far, but he has gone a little further in noting that there are times when UFOs are seen in these areas. Through painstaking research Mr. Teri found that the sightings, as well as, many abductions and mutilations occur:

- When there is a New Moon or within two (2) days before a New Moon.
- When there is a Full Moon or within two (2) days before a Full Moon.
- At the Perihelion (when the Moon is closest to Earth) or within two (2) days before the Perihelion.

A glance at the nearest Farmers Almanac will give you the information you require as far as the days for this year or any other time. There seems to be no concrete explanation for the coincidence of the times and the events, but appear to be true.

Continued in **Part 7**
