

### Part 4: Original Carbon of Scorched Memo Links Government UFO Cover-Up and JFK Assassination

© 2008 by Linda Moulton Howe

*“I specifically want Project JEHOVAH director  
Professor Albert Einstein and Doctor Robert Oppenheimer to inject  
any useful comments to the briefing as they are most informed  
on the physics related to the subject.” - Dwight D. Eisenhower,  
34th President of the United States, January 20, 1953 to January 20, 1961*

Burned memo, presumably written before assassination of John F. Kennedy on November 22, 1963, when either John A. McCone or Allen W. Dulles were Directors of the Central Intelligence Agency. In the TOP SECRET/MJ-12 red stamped 9-page document, the first page cropped above shows the document is “From: Director of Central Intelligence (MJ-1) to MJ-2 through MJ-7, with reference to: Project MAJESTIC and JEHOVAH (MJ); Project EVIRO; Project PARASITE; and Project PARHELION.”

In the burned first page above, under references to Project MAJESTIC and JEHOVAH (MJ), VIRO, PARASITE AND PARHELION, the writer, who is Director of Central Intelligence (MJ-1), states: "As you must know LANCER has made some inquiries regarding our activities which we cannot allow." LANCER was the Secret Service classified code name for President John F. Kennedy, as LYRIC was the classified code name for JFK's wife, Jacqueline Kennedy.

## Return to **Part 1**

**August 6, 2008 Albuquerque, New Mexico** - On April 20, 2002, I reported an Earthfiles.com entitled *Canadian and American Officials in 1950s Collaborated on Study of Unidentified Aerial Disks*. See **042008 Earthfiles in Real X-Files Archive**. There were two subjects in that Earthfiles report: a Canadian government investigation of UFOs and an American government UFO-related Project JEHOVAH.

First, was the official UFO phenomenon research by a Canadian engineer named Wilbert Brockhouse Smith, who in the early 1950s was Director of Project Magnet in Canada's Department of Transport. Canadian UFO historian and researcher Grant Cameron discovered a Department of Transport document originally classified TOP SECRET about the subject of "Geo-Magnetics." Project Magnet was an official investigation of the "flying saucers" and the theory that their mode of propulsion utilized the magnetic fields of the earth and solar system.

~~TOP SECRET~~ CONFIDENTIAL

DEPARTMENT OF TRANSPORT  
INTRA-DEPARTMENTAL CORRESPONDENCE

OTTAWA, Ontario, November 21, 1950.

TO: Geo-Magnetics OUR FILE

FROM: THE CONTROLLER OF TELECOMMUNICATIONS: (R.S.P.)

*Revised to Confidential 15/1/51 CP*

For the past several years we have been engaged in the study of radio wave propagation. The vagaries of this have led us into the fields of aurora, cosmic radiation, radio-activity and geo-magnetism. In the case of geo-magnetics we have contributed little to our knowledge of radio wave yet, but nevertheless have indicated several avenues of which may well be explored with profit. For example, we are of a means whereby the potential energy of the earth's magnetic field is abstracted and used.

November 21, 1950 Canadian Department of Transport 2-page Intra-Departmental Correspondence originally classified TOP SECRET about Geo-Magnetics.  
Document provided by Grant Cameron, PresidentialUFO.com.

I made discreet enquiries through the Canadian Embassy staff in Washington who were able to obtain for me the following information:

- a. The matter is the most highly classified subject in the United States Government, rating higher even than the H-bomb.
- b. Flying saucers exist.
- c. Their modus operandi is unknown but concentrated effort is being made by a small group headed by Doctor Vannevar Bush.
- d. The entire matter is considered by the United States authorities to be of tremendous significance.

I was further informed that the United States authorities are investigating along quite a number of lines which might possibly be related to the saucers such as mental phenomena and I gather that they are not doing too well since they indicated that if Canada is doing anything at all in geo-magnetics they would welcome a discussion with suitably accredited Canadians.

Paragraph excerpted from second page of DOT Memo about Geo-Magnetics.

At the same time that Wilbert Smith was meeting with American and Canadian officials to study technology and the messages coming from the non-humans, Dwight D. Eisenhower was continuing Harry S. Truman's MJ-12 Special Studies Group on extraterrestrial vehicles and biological entities. Below is a November 4, 1953, SECRET memorandum from President Eisenhower to the Director of Central Intelligence, who in 1953 would have been Allen W. Dulles. Dwight David Eisenhower was the 34th President of the United States in office from January 20, 1953 to January 20, 1961. In the last paragraph, President Eisenhower mentions "Project JEHOVAH director Professor Albert Einstein and Doctor Robert Oppenheimer..."

November 4, 1953

To: The Director of Central Intelligence

I have studied the MJTWELVE Operations Plan of June 16, 1953, on the subject of instructions for the expenditures of the National UFO Intelligence Program, and more specifically, the Special Operations Instructions to be issued to Unified and Specific Major Commands and Commanders. In connection with my Classified Basic Authorization of March 22, 1953, and the Implementing Instructions of January 23, 1953, I have no further instructions to add.

All the provisions covered in your NSC letter of May 22, 1953, are satisfactory to me, and I approve them, including the changes recommended by your intelligence staff, with the following exceptions:

(a) The penultimate paragraph, page 4 of Inclosure Number 1 to your letter needs to be revised. I am concerned that this paragraph as written could be misinterpreted by Regional and Local Commanders CONUS as giving them license to go beyond the restrictions set forth in these documents if the situation were to appear serious enough as to threaten hostile Soviet action. It seems best to go to eliminate this paragraph. It has been suggested that this difficulty could be averted by deleting the words "utilizing the criteria and procedures set forth in these instructions" and substituting therefor "observing the criteria, procedures, and restrictions set forth in these instructions." I would prefer the deletion of this paragraph altogether from this and all related documents.

(b) With regard to the basic letter of May 22, 1953, I would like to have added to paragraph 2 the words "subject to COMINT agreements in accordance with NSA and CIA intelligence collection directives."

I cannot overemphasize the need for the utmost discretion and understanding in exercising the authority set forth in these documents. Accordingly, I would like you to find some way to brief the various Authorizing Commanders on the subject to ensure that all are of one mind as to the letter and spirit of these instructions. Preferably, I would like to see this done in a closed meeting to be arranged through the Director of the National Security Agency, yourself, and representatives of the MJ-12/Special Studies Project. I specifically want Project JEHVAH director Professor Albert Einstein and Doctor Robert Oppenheimer to inject any useful comments to the briefing as they are most informed on the physics related to the subject. Perhaps the annual Quantico conference could provide an opportunity to do this without the publicity which would call attention to a special meeting.

Sincerely,  
 Dwight D. Eisenhower

It is the bottom paragraph of President Dwight D. Eisenhower's November 4, 1953, letter to the Director of Central Intelligence (Allen W. Dulles) that also mentions Project JEHVAH as listed in the burned memo references.

"I cannot overemphasize the need for the utmost discretion and understanding in exercising the authority set forth in these documents. Forty-six years later in June 1999, the leaker of the burned memo - allegedly a close confidant of the CIA's Counter-intelligence Director, James Jesus Angleton - released the scorched 9-page original carbon document to Timothy Cooper, who in turn got it to Robert Wood, Ph.D., to study. See preceding **Earthfiles Parts 1 through 3**.

Written P. S. from counter-intelligence source, Cantwell,  
to Timothy Cooper: "Not everyone has good intentions watch your ass."
