

# Weapons of Mass Destruction Found

## (An Address to the Dead)

by Michael Tsarion

!!!

*Next the statesmen will invent cheap lies, putting the blame upon the nation that is attacked, and every man will be glad of those conscience-soothing tactics, and will diligently study them, and refuse to examine any refutations of them; and thus he will by and by convince himself that the war is just, and will thank God for the better sleep he enjoys after this process of grotesque self-deception - Mark Twain*

The "WAR ON TERRA" is merely the latest move in the great game played out by the Atonist Establishment, the Royals and Vatican's Jesuit-Masonic sorcerers, who expertly employ the Dialectic ("Ordo Ab Chao") to further their very personal aspirations dating back to an *old world order* that you are supposed to know nothing about. So let's get clear on a few things and remain sane in the midst of growing worldwide insanity. Let's understand that the present day architects of control, those biological or ideological descendants of the Atonist pharaohs of old, along with their less camera shy lieutenants, continue plying their vile imperialist trade from behind the visible governments and religions of your world.

*I rejected that hardened, sullen-tempered Pharaoh of England forever...and disdain the wretch -*  
Thomas Paine (American Founding Father on British King George III)

Bush, Ahmadinajad: On the same Illuminati team?

Let's understand that the "Israeli-Palestinian" conflict is *engineered* from London and New York by elites with ancient origins. Age after age they concoct bogus conflicts to engender a permanent ambience of fear and paranoia, and to ensure few of you become aware of the real enemies of mankind. Those so-called Islamic "extremists" are funded by the *same* hidden hands that fund the Zionists *and* the Fundamentalist Christian Evangelists.

911 may have shaken you up. But did it *wake* you up? That is the question ([here](#)).

Israel, dear people - the *real* Israel - has little to do with either religious Jews or the Torah, just as the true Christ has little to do with Vatican-style Christianity or American Evangelism. But you have not worked this out yet, have you? No, of course not. After all, you've have been "Mel Gibsoned" and "Pat Robertzoned" to death, and are mentally infected by many a deadly pathogen, the worst of which is *ignorance*. Happily the cure is on its way.

"Al Qaeda," your new bogey, is the brain-child of the same Vatican, New York City, and London based intelligentsia that once funded Hitler and his Nazis, that concocted the now shelved "Soviet Experiment," that funded Franco, Pol Pot, Robert Mugabe, Batista, Pinochet, Noriega, and every other demagogue and inhuman tyranny throughout the world. The heat is being turned up "over there" both for *ritual purposes*, and to distract you from noticing the final demise of your once great country that has been scourged and raped economically and politically by its direst enemies, the legions of the British Crown. Are you not sick of the performance, sick of the lies? Are you not all through voting in despots who eviscerate your country?

The US President is an agent for America's

arch-enemies, the royal dynasties of Britain and Europe. His objective is the ruin of America.

*On May 10, 1982, addressing a celebration at the Royal Institute for International Affairs at Chatham House in London, Kissinger boasted that throughout his career...he had always been closer to the British Foreign Office than to his American colleagues, and had taken all his major policy leads from London...Chatham House is a successor to the old British East India Company, and serves as the think-tank and foreign intelligence arm of the British Crown - Dope Inc*

*Paul O'Neill - who was a member of the National Security Council as well as being in charge of fiscal policy - made a shocking revelation to Ron Suskind that not only are public events scripted, but even cabinet (and other) meetings within the White House with the President are scripted, where everyone but Bush has speaking parts. Bush's role is merely to nod or listen expressionlessly, aside from his occasional cryptic (or cynical comments) - John Dean (Worse Than Watergate)*

This crime, this Fabian "War of Attrition," has been going on in plain view from the outset. It is now moving toward completion and there is no going back. Because of their unseen hand, which you think does not exist, ignorance is wall to wall. Logic, Truth, and Justice have been annihilated, and the Children of the Nephilim dance upon their desks and clink their glasses in triumph. Have you not seen their insider-smiles?

*The shelves of our public libraries hold thousands of books pertaining to some aspect of this vast subject...In running through those works some amazing nuggets of information come to light here and there, which fitted together gradually unfold the stunning history and the legal structure of a sovereign world state located in the financial district of the loosely knit aggregation of boroughs and cities popularly known as the city of London. The colossal political and financial organization centered in this area, known as "The City," operates as a super-government of the world; and no incident occurs in any part of the world without its participation in some form - E. C. Knuth (The Empire of "The City:" The Secret History of British Financial Power, 1944)*

*The British monarchy, and the City of London's leading Crown bankers, enthusiastically backed Hitler and the Nazis, bankrolled the Fuehrer's election, and did everything possible to build the Nazi war machine, for Britain's planned geopolitical war between Germany and Russia - Scott Thompson (The Nazi Roots of the House of Windsor)*

*The Roosevelt family was the largest stockholder in the company which was a supporter of Hitler. General Electric subsidiaries in Germany assist the process of financing the Nazi empire, together with I. G. Farben, who contributed as much as 45 percent - Valdamar Valerian (The Master Chronology)*

A Jew is *not* necessarily a Zionist, as the Zionists and Masons well know. There is no "Holy Land" or "Chosen People." That jive is all a concoction of London and the Vatican.

Additionally, the fanatical heads of all major Islamic countries and states (all established artificially from post-war England), those so-called "Jihadists" with anti-Jewish zeal are, likewise, British backed and educated agents totally complicit in the faux conflict they have been groomed to perpetuate. Zionism is *not* religious. It is a political and fanatical ideology hiding behind religious Judaism. Evangelism is a political and fanatical ideology hiding behind the front of Christianity. The Evangelist preaches Masonic (Atonist) doctrines, but you buy into it because you want "Daddy" so badly and because you have sold your own sanity for security. You are a safe in numbers. You are a "believer" on your way to the "promised land." Or so you think.

Actually, you operate on the "slave-think" level and do your master's bidding unawares. You have grown accustomed to your prison and your servitude to death and lies. The biggest threat in your world is Truth. As long as you have a few cushions for your cell, so to speak, some salt in your gruel, and as long as you are permitted an opinion or two within the political den, created by your masters, you are okay with a mediocre lifestyle and the regimented predictability of your conformist

Ezra Pound - America's greatest poet.  
Incarcerated for 12 years in Bellevue insane

and artificial existence. You have convinced your screaming soul that it is safer and better to just conform and be a repressed, toxic, thoughtless, frustrated, programmed orc marching to the drum-beat of your imperious marshals. As long as one slave can bellow "Allah!" louder than another screeching "Anti-Semite!" then all is well and death can stalk the lands.

asylum for speaking the truth. He commissioned Eustace Mullins to investigate and expose the Federal Reserve Banking Cartel. Pound died soon after his release.

*We must always separate Zionism from the Jewish people...the Zionists work for the Pope and are Masonic...Shimon Perez is a Mason...he was trained by Jesuits as a young man when he grew up in Poland...he deeded the old city of Jerusalem to the Vatican in September 1993 - Erich Jon Phelps (Vatican Assassins Presentation)*

Yes, sleep well people, under the shadow of the great double-headed eagle that tears the world and your brothers and sisters to pieces. Those few brave authorities who stand up to expose the nature of the "Dialectic" (Mohammad Mossedegh, Malcolm X, George Lincoln Rockwell, Ezra Pound, Charles Lindbergh Sr., Father Alberto Rivera, Senator McCarthy, President Alan Garcia of Peru, etc) often find themselves removed compromised or violently removed and replaced by "Quislings," those puppets of the elite who deliberately bring ruin to their own people and to their supposed adversaries. While these straw dogs meet in their secret lodges, to laugh and jig, misery reigns abroad as it has for millennia. And the world does not appear to be "getting the picture." You can't seem to understand that although the many lieutenants undergo a cosmetic makeover, as the decades pass, they remain loyal to the shadowy dynasties that fund and control them.

Eustace Mullins - colleague and biographer of the great Ezra Pound, and one of the first American authors to speak out against the Illuminati and to name the names ([here](#)/[here](#)).

Yes, never forget the ancient vile, lidless and bloodshot eye that watches you from behind the facades of the orgs you think act independently, the Fabians, Reds, Democrats, Republicans, Nazis, Zionists, Masons, Templars, Opus Dei, CFR, etc, etc. The Royal Institute of International Affairs is called "Royal" for a reason. But its not simply referring to the folks at Buck Palace.

*When the right wing Freemason is finished, his left wing brother takes over - Juri Lina (Architects of Deception)*

But apparently you don't want to realize that enemies are *created*, just as friends and allies are. You don't want to face the fact that you and your children are victims in a global snuff drama, or that what you witness every evening on the news is a game, a highly funded act - *an act of sorcery*.

Two rabid pit-bulls tear each other to pieces in a pen. Two rabid countries, factions, sects, or cliques do the same thing on the world's stage. Do you think there is a difference? There's none that I can think of.

Who built the pen? Who trained the cocks and pit bulls? Who's taking the bets? That's your homework folks. You'd better get your heads down and find out just what all the kings horses and all the kings men have been up to while you slept.

*For more than a century ideological extremists at either end of the political spectrum have seized upon well-publicized incidents such as my encounter with Castro to attack the Rockefeller family for the inordinate influence they claim we wield over American political and economic institutions. Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure - one world, if you will...If that's the charge, I stand guilty, and I am proud of it - David Rockefeller (Memoirs, page 405)*

*We are grateful to the Washington Post, The New York Times, Time Magazine, and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But the world is now more sophisticated and prepared to march toward world government - David Rockefeller (Address to the Trilateral Commission, June 1991)*

*...not until David Rockefeller bought himself a U.S. administration in 1976, as the ancient European Fondi installed themselves in Wall Street, did narcotics traffic start to become serious business for the world's biggest banks - Dope Inc*

Saddam had the maniacal extremists under control. He was not living in a stasis field like them. They could not squeak under his regime and he was no threat to America or England. But, it did not matter. Like so many puppets he *was* expendable. His strings were sliced from above and down he fell like so many before him. Big Brother put him in power, and Big Brother took him down. That is how the geopolitical game is played. Think we're joking?

Saddam was merely a temporary pawn on the "Grand Chessboard" of the royal geopolitical strategists and their imperialist orgs, such as the IMF, World Bank, Bank of International Settlements, and Council on Foreign Relations, etc, that function, independently and collectively, as did the old British East India, Virginia, and Hudson Bay Companies. Each of them grow fatter on the economic ruin of the countries they financially "support." You imagine that Uncle Sam rules from the White House, right? You had better think again. Uncle Sam has a gun to his head

G. Edward Griffin - one of the earliest American authors and researchers to expose the British-funded "Hidden Hand" of Conspiracy ([here](#))

and a blade to his throat. He is surrounded by his enemies whose war of attrition has succeeded in bringing him to his knees. Now he so weak he can't resist his guileful and merciless torturers. He takes orders from London, Rome, and New York, from the Fabian cronies of the crown at the Council on Foreign Relations, the Royal Institute of International Affairs, Georgetown University, Buckingham Palace, and St. James Square.

Hell, you don't know that you *lost* the War of Independence? You don't know that you are famous for losing the wars you win? Yep, 'fraid so, you're gonna have to fight that one again, and this time truly win it. And this time, fellow warriors, your weapon of choice needs to be *knowledge*.

*The sinister element that sets the British oligarchy apart from the popular image of the mafia family is its unshakable belief that it alone is fit to rule the world...The inheritors of the British East India Company - the same British monarchy and some of the same banking houses - have launched the new Opium War just as they did the first: to loot nations, destroy them, and exalt the power of the Empire...to become the "The Third and Final Rome" - Dope Inc*

Saddam, like Prime-Minister Chamberlain, Arch-Duke Ferdinand of Austria, Gustav III of Sweden, Czar Nicholas II, President Nasser, and so many others, has been removed and sacrificed. But pawns too are those among you who will not see the *Dialectic* at work, those of you who due to the disease of ignorance continue to take sides in this "Skull" or "Bones" fiasco. It is time to realize that it is your complicity and ignorance that permits these sorcerers of hell to destroy legitimate sovereign nations, obliterate civilizations, and expertly silence any who would stand against them to expose their corruption.

*The so-called Left-Right political spectrum is our creation. In fact, it accurately reflects our careful, artificial polarization of the population on phony issues that prevents the issue of our power from arising in their minds - (The Occult Technocracy of Power)*

*The President's job, is not to wield power himself, but to lead attention away from it - Douglas Adams (The Hitch-Hiker's Guide to the Galaxy)*

Well, you know about the sorcerers, but what of the Magicians? What about the *true* teachers? Unfortunately, they are always disagreeable threats drawing your attention from your tranquilized delirium. Their counsel can't get through because you can't listen. You're receptivity is blocked by your own ideas and allegiances. You have identified with the objects of your hate, as you have been taught, and have received a rickety form of psychological security as a result. The true teachers speak of the beauty of change, of spontaneity, mutability, curiosity, free-thought, and new perspectives ("O Captain, My Captain!").

Dr. John Coleman - Ex-MI6 Agent and author of several books on the Fabian Society, Tavistock Institute, CFR, and the Round Table Groups. (Click photo

But this threatens your paper-thin sense of security, so when they talk your brain goes on the blink, and the drivel of pre-digested clichés, platitudes, and half-baked rebuttal begins, all parroted from the smart-ass, double-speaking talking heads and boss hogs on TV. An attack on your silent and unseen contract with the sorcerers strikes at the root of the self-induced hallucination that has you believe all adversaries and pathogens are *external* in origin, and that the problems that befall you and the world are political and not *psychological* in nature. But that is okay. You can live out this lie all the days of your lives if you so desire. And you will because it gets you off the hook. Soon, though, the matter will come into court and be settled aright. The brief is being prepared now as you read. But its comforting to know that when and if your insecurity gets too pronounced there is always the mosque, the synagogue, the chapel, and the church. Yep, there is always GOD - the ultimate fix-all. After all, it is in God's name that you act. "Blow them all away!" wasn't it, Mr. Faldwell?

for more.) Also: <http://coleman300.com/>

But as the wise men know, inner sadism so easily finds its way out into the 3D world. Those infected with emotional and psychic epidemics are at the helm of the "ship of state." And they are steering toward a crevasse. If we go over the edge don't blame the ocean.

Are they alien, or are they human? Are the navigators men or demons in human guise? Are they born from the womb of the world's ignorance, sadism, and sickness? Yes, they are, and you are living in their forensic filth. You don't care or notice because they have provided the necessary bread and circuses for your senses, appetites, and edification. They are overjoyed with their experiments and with their world of emotional and psychic prostitutes. They don't offer you truth but they do offer you crude forms of worldly power. And that is what you have been taught to rank over the love you have never known or received, and that you are incapable of receiving.

Your opinions are baked daily for you by the media and served hot and cold on TV. And you will believe what they tell ya. It's not what *you* think that matters, but what Larry King, Oprah, Limbaugh, O'Reilly (and other Jesuit stooges) tell ya that does. Their Orwellian "Talismanic" mantras guide your life - *Danger!!! Terror!!! We must give up liberty for freedom. Yes, We must! We must!* Well, okay, but just remember that the walls that keep the would-be enemies out also keep you in.

The author of *America's Secret Establishment* - Anthony Sutton exposes the Council on Foreign Relations, Skull & Bones Society, and other anti-American orgs.

So much for your utopian "global village." So, run rabbit run, just keep on riding the snake! The tragedy of 9-11 may have shaken you up, but did it *wake* you up? That is the question. Your masters have your tranquilizers ready in abundance, 'cause they really do care for your safety and security. Its the same old song, from the Congress of Vienna in 1815 until nowadays with Bush and his preposterous Patriot Acts that are going to keep you safe.

*Democracy is inimical to imperial mobilization* - Zbigniew Brzezinski (*The Grand Chessboard*)

So let's ask a question. Are you in pain? Do you ache with the stress of living? Well, don't despair 'cause their syringes and pills will make it better. You won't have to inquire why you have this pain? Is it because the only love you have is for power? Is it because your quest for power and dominance is always frustrated by reality that you are stressed? You tell yourself that you desire love and peace, but this is the lie upon which your whole anti-life is founded. You gave up wanting love a long time ago. Power-lust has taken its place. But you have never noticed this about yourself. And neither has the leader you place in power. You and he are self-blinded, stabbing at yourselves in the darkness of your ignorance. Soon, like Dorian Gray, your blade might pierce your heart. Then what? Then it all ends, all the lies, fakery, and debauch.

In the great social meta-script, which is played out again and again, some bogey-man is put before you, and its "Lights, Camera, Action!"

Year after year, decade after decade, and century after century, the status quo remains the same. The proof of the inside-job is before the world and in plain view. The facts are there and nothing is concealed. What does the graffiti say then: Simply this - *What your government does abroad today, it does at home tomorrow.*

*Our enemies are innovative and resourceful, and so are we. They never stop thinking about new ways to harm our country and our people, and neither do we* - George W. Bush (Freudian-Slip during BBC interview)

*...if the American people had ever known the truth about what we*

*Bushes have done to this nation, we would be chased down in the streets and lynched - George Bush Senior (interview with Sarah McClendon, December 1992)*

Baron Avro Manhattan.  
His superlative works  
expose the crimes of the  
Vatican, and of the so-  
called Jesuit "Black Pope."

So when you see the leaders of Hezbollah, and of Israel (Zion-Aton), understand that you are seeing *actors*. They are agents of her royal lowness - Queen Elizabeth Windsor, of Saxe-Coburg-Gotha, of Hanover, of Guelph, of Venice, and of Atonist Egypt.

The Bushes and Schwartzkopfs, the Colin Powells and Rupert Murdochs, the Thatchers, Geldofs, Spielbergs, Greenspans, and Guillianis, baby, they bow down their backs and squat down on their knees before her silver sword and accept her knighthoods, after all. Better start finding out why that would be. Better remind yourself of the dictionary definitions for "[agent provocateur](#)" and "[fifth columnist](#)." Better root out the Judases sitting at your table, America!

*In the years 1919 and 1920, two events of critical strategic importance for Britain's opium war against the United States occurred. First the Royal Institute for Foreign Affairs was founded. The purpose of this institution had been set forth over forty years before in the last will and testament of empire-builder Cecil Rhodes. Rhodes had called for the formation of a "secret society" that would oversee the reestablishment of a British empire that would incorporate most of the developing world and recapture the United States - Dope Inc*

*...the Anglophile portion of America's upper crust joined the fun. The case of Joseph Kennedy, who owed his British contracts for liquor wholesaling to the Duke of Devonshire, and later married his daughter into the family, is notorious. In some respects, more revealing is the strange case of Robert Maynard Hutchins, the president of the University of Chicago from 1929 to 1950. Hutchins had American citizenship, but was so close to the British aristocracy that he became a Knight Commander of Her Majesty's Venerable Order of St. John of Jerusalem, swearing an oath of chivalric fealty to the head of the order, the British monarch - Dope Inc*

*Kennedy's unswerving loyalty to the British monarchy was rewarded; his daughter, Kathleen Kennedy...married William Cavendish, the Marquis of Hartington. Hartington was the son and heir to the tenth Duke of Devonshire...who have run British politics since the days of Elizabeth I...While serving as ambassador in Britain, Joseph Kennedy was made an initiate of His Majesty's Most Venerable Order of St. John of Jerusalem...Joseph Kennedy Jr. and John F. Kennedy were trained at the London School of Economics, and institution founded by the Fabian Society dedicated to training and recruiting foreign cadre as future British agents within government, business, media, and educational posts in their own countries. The Kennedy brothers were trained by Fabian Society Executive member Harold Laski - Dope Inc*

When you see planes hitting the towers in New York City ("York Rite" of Freemasonry), and a stand-down policy of *inaction*, you'd better understand who is calling the shots. That was a perfectly staged and executed dramatic mime act. It's *not* Bush that was inactive. It's *YOU!* When you see a seated catatonic president holding a book entitled: "America," *upside-down*, intently listening to a "goat" story ([Baphomet](#)), wake up and ask why that would be.

Why were our ancestors saner and positively productive? It's a good question. Why were they less aggressive, acquisitive, and destructive? Why were they closer to nature? What is

wrong with the way you exist? Well, the psychologists and sociologists of merit have been telling you for years. You are disassociated. You have infantile amnesia and inhabit an abstraction that is an anti-life. You are dead to the real and alive to the simulacra.

You are outer-directed and always on the go, racing headlong toward your graves as if eager to get to them. You've replaced experience with reaction, intimacy with performance. Your thinking is autistic, narcissistic, and masochistic, and you're in denial of your denial. You use your pain to gain attention. You perform good deeds and mistake that mere performance for true virtue. Your ambition and preoccupation is an avoidance of inwardness. You compete to prove you're better and that you matter. You *adore* the clutter, the noise, over-stimulation, and endless domestic minutiae, because it distracts you from attending to your Dharma (Authentic Destiny). You crave a relationship because you have none with yourself. You want children because by your twenties you are sick of yourself. You crave *more* so you can feel rich. Deconstruction, divestiture, and psychosomatic catharsis mean nothing to you. All that matters is acquisition, competition, attainment, and award. The Earth can suffer but that is alright, as long as you *succeed*. Just remember that there is a price for such egregious error and folly.

*To gain that which is worth having, it may be necessary to lose everything else* - Bernadette Devlin (Activist and Politician, Northern Ireland)

*Nothing great enters the life of mortals without a curse* - Sophocles

Are you still confused? Do ya want to know what these words mean? They mean you are unaware that you are unaware. They mean you have given up the right rulership of yourself. They mean you have become totally dependent upon the priests, politicians, medics, and corporations telling you what to think, believe, and do. Actually, its not freedom that you want. Oh no You're scared to death of that. What you really want is freedom *from* freedom. and Big Brother is itching to let you have exactly what you secretly desire.

*Freedom is the last thing he wants. He functions, as we shall see, according to the principle of pleasure in non freedom. To be sentenced to life long freedom is a worse fate then life long slavery. To put it another way: a man is always searching for someone or something to enslave him, for only as a slave does he feel secure –and as a rule his choice falls on a woman. Who or what is this creature who is responsible for his lowly existence and who moreover, exploits him in such a way that he only feels safe as her slave, and her slave alone?* - Esther Vilar (*The Manipulated Man*)

What does it all *mean*? It means that you desire anything and everything that fulfills your senses while rejecting and avoiding that which would fulfill your soul, given that you have one. And most of all, it means that you know only your *idea of reality* but not reality itself. And everyone around you is the same mess. Your ideas conflict with their ideas and, therefore, no true intimacy or relationship is possible. You are not miles apart, you are *ideas* apart. And so you have hatreds, enemies, problems, stress, suspicion, and confusion. And you are aggressive because, like infants, you insist that reality take on the shape of *your* beloved ideas.

It *won't* take it on, so you get more hardened, frustrated, and aggressive. You admire and despise those with better

ideas. Your friends are those who corroborate and endorse your infantile and contradictory ideas, those priests, pastors, and gurus.

Albrecht Durer  
(1487-1528)

You don't realize the manner in which such maniacs have poisoned and infected you with their sick memes and ideas. Well, guess what? Toxic people can not talk with angels. Toxic people can *not* download truth or know wisdom. Their perverted brains are capable only of receiving mental infections from higher up, spiritual pornography to darken the mind and sicken the heart. Your leaders, *the most toxic of the lot*, are busy with their guides, busy downloading memes from their dark masters, the black sorcery from their dark lords. So, is this what you want to possess you? Did such putrid vileness possess Dali, Escher, Durer, Blake, Rilke, Breughel, or Magritte? Did it possess Handel, Beethoven, or Bach? Not bloody likely!

Be Aware! The *Shining Ones* have been amongst you. They have walked *very* close to you.

Have you not felt them? Have you not felt their immeasurable love for you that can never be expressed with words? They knew all about you. How come you know nothing about them?

*Troubling I sit, day and night. My friends are astonished at me: They forgive my wanderings. I rest not from my great task: To open the eternal worlds! To open the immortal eyes of man inward: into the worlds of thought: into eternity. Ever expanding in the bosom of God, the human imagination - William Blake*

*I am the present. I cannot know what tomorrow will bring forth. I can know only what the truth is for me today. That is what I am called upon to serve, and I serve it in all lucidity - Igor Stravinsky*

*Everything that is dead quivers. Not only the things of poetry, stars, moon, wood, flowers, but even a white trouser button glittering out of a puddle in the street...Everything has a secret soul which is silent more often than it speaks - Wassily Kandinsky*

No, you don't feel it. Your friends on Capitol Hill and in Hollywood have made you immune to it. And you will give up your very lives in *their* wars to preserve and justify the anti-life they have spewed up for you.

You lie to yourself and the world when you say that your idea is Truth itself. Is it? You were breast-fed these ideas by parents and school-teachers, the priests and politicians. And now you water them with your own juices. You don't want to ever be free from these transmitted ideas that mean so much and that stand between you and the Real. You have sold your souls to preserve the lie so how could you revere or care for the lives of others? The megadeath, genocide, and blind fanaticism - its *normal* phenomena in a sick world of *abnormal* people committing the worst crimes toward their very own selves as well as to others. Are you still looking for weapons of mass destruction? I can tell you exactly where they are.

*A great change of our psychological attitude is imminent, that is certain...we need more psychology, we need more understanding of human nature because the only real danger that exists is man himself, he is the great danger, and we are pitifully unaware of it, we know nothing of man, far too little. His psyche should be studied because we are the origin of all coming evil - Carl Gustav Jung*

*Having projected his anger onto the world, he sees vengeance about to strike at him. His own attacks thus perceived as self-defense - (Course in Miracles)*

Your own parents may have neglected your need for tenderness and care in those years of most vulnerability. So, was it from that time that you became a disciple of power and death? You were taught by emotionally mutilated parents and teachers to despise your own natural needs for the things that they were incapable of imparting. You grew to hate your desires and natural needs but not them. You learned to worship them and despise *yourself* and you writhe with inner guilt over this negation of your own precious selfhood.

Now, you find that you don't have love to give either, except when it suits the performance that is your life. You wanted to lose your own identity in mother and in father and now you get your chance with Big Daddy. But he won't give love either because he is also an apostle of death. He too has murdered himself and has power in the place of love. His greatness comes with each person or country he crushes and humiliates. Did you not get a great thrill when Saddam was crushed? Were you not silently elated? And did that not feel great to see your boys triumph? Out came your bumper-stickers and little flags waving in the wind. Yes, it is easy to topple a small pawn on the board game of your own invention. It's easy to swat an enemy toy soldier of your own making. But you imagine that god endorses the war-makers? Isn't that what you think?

*Blessed be the peacemakers for they shall be called the children of God - (Matt 5)*

*When an alien lives with you in your land, do not mistreat him. The alien living with you must be treated as one of your native-born. Love him as yourself - (Leviticus 19:33-34)*

And you leave your regimented, spiritually-impoorished children little recourse but to repeat this nonsense. Your schools, churches, and families knock the *Spirit of Rebellion* out of them all and replace it with hypocrisy and conformity. You hack through their organic learning processes and force them into schools to be "educated." What a tragedy! They're goners from that point on. They're welcomed to the machine, but utterly lost to themselves.

Their innocence and freedom of thought, their doubt and vibrant, inherent, *unique* intelligence which are lethal to your fraudulence and power-struggles are eviscerated with surgical skill. They soon learn how to perform for rewards and jump through hoops as you do. They also become experts in self-deception. They too learn how to be psychic cripples and how to go on to mutilate the self-esteem of the dependants they soon gain power over. They also learn to think necrotically and behave passive-aggressively. You've taught them that love is nothing and *possession* everything. So, memorize this fact and make it gospel - *never* in your life, in no place and at no time, have you ever seen a child.

Columbine High School Massacre. Youth speaking out!

What you see are slaves, slaves to tyranny crawling on their knees behind a devious smile and a rotten carrot.

Once upon a time, at home or in school, you too realized that this was the choice that you were being asked to make. You discovered to your soul's horror that you were being asked to conform to narrow, insane, artificial molds and to relinquish true self-will.

And at that time you made the choices that have shaped your future and your destiny. Quietly, you chose either the way of servility and reward, of sorcery or magic, of conformity or rebellion. It was a simple "yes!" or "no!" choice. If you chose the latter then you are a child of the true Holy Spirit. If you chose the former you have nothing to do with that Spirit. You are in fact a sinner *against* it.

Do you really believe that your sick priests and pastors serve Jesus and the Holy Spirit? Well they don't! They themselves conform and demand that you do the same. What they want and what they teach is the pure antithesis of the message of the *true* Holy Spirit. They invent the very hells they fear. They *are* the very hell they fear. But you pay their way because, after all, they expertly endorse and reinforce your own abhorrent ideas about life, god, and cosmos. Lucifer's business is booming. The creatures of death and decay are presiding because your world is dying and turning rotten. These misleaders are merely the maggots and parasites one would expect to find thriving upon necrotic tissue. They are merely symptoms and *not* causes, as you would so prefer to believe.

*We have lost our superstitious fear of evil spirits and things that go bump in the night, but, instead, are seized with terror of people who, possessed by demons, perpetrate the frightful deeds of darkness. That the doers of such deeds think of themselves not as possessed but as "supermen," does not alter the fact of their possession - Carl Gustav Jung*

As babies you did not like being separated from your mothers. No, that was most traumatic. You did not like having to be independent that day and so independence has always been inwardly suspected and cursed. To this day you associate *real* independence of thought and action with pain, anxiety, and trauma. Like toddlers of 2 or 3 years old you are aware of, and afraid of, your own fragility physically and mentally. And so you over-estimate the power and *strength* (another talismanic word) of the FATHER figure. He possesses the strength that you in your infantilism and impotency do not possess.

Moreover, it is this infantile fragility and lack of inner strength that prevents you from seeing the other sanely and aright. The other is an enemy not a friend. He is not a human to be respected or regarded as a separate independent being with just as many rights as you. No, to you he is a threat and your heroism depends on his annihilation. This will show Big Daddy how good and obedient you are.

*The world's power structures have always 'divided to conquer' and have always 'kept divided to keep conquered.' As a consequence the power structure has so divided humanity - not only into special function categories but into religious and language and color categories - that individual humans are now helplessly inarticulate in the face of the present crisis. They consider their political representation to be completely corrupted, therefore, they feel almost utterly helpless - R. Buckminster Fuller (Critical Path)*

*...once people are taught to despise the modes of thinking, customs and prejudices of their ancestors, and consider as barbarism and vulgarity all that in their childhood they were accustomed to regard as excellent and elegant - the whole Web of thought and feeling is unraveled, and cannot be readily or easily made up in a new form - Anne Grant (Essays on the Superstitions of the Highlanders of Scotland, 1811)*

Yes, the psychologists have already told you what's up. As they have said, a child is born a blank slate, innocent and pure, simple and direct, looking for wholeness and meaning. But instead he gets blasted with a vast chaotic mess of things to identify with and absorb. From the instant he is born in today's hyper manic world he is massively over-exposed to the perverse and meaningless phenomena of societies lacking cohesion or virtue in which *nothing* is sacred. He meets no wise grandparents or guides. His parents are rarely seen. He becomes as lost and vacuous as the sick narcissistic world to which he has been exposed. He is *overwhelmed* with all the "diversity" (yet another talismanic word you love) and his ego cannot integrate correctly.

He is fractured just as his society is fractured. Having nothing upstairs he operates on and from the lowest narcissistic, sensational, level, and will murder to maintain his empty mediocre lifestyle. By design, there is constant invasion of *foreign* elements. This is due to the connivance of your government and media that has steadily peddled the false merits of over-diversification and globalization for decades.

In the end there are so many sub-cultures, cliques, and groovy splinter sects, that one has a devil of a time developing a true and integrated character. Identification with sane things can not occur. Therefore, the all too fragile personality of the child is weak and shallow. Is this not exactly the kind of meekness that the sorcerers so ardently desire? Try going into a confectionary shop to eat every kind of sweet there. You'll be sick as hell in minutes. But this is the way that you have force-fed our ego since the beginning. You are mentally obese. And still you want more!

*What a great advantage for leaders that the people do not think - Adolf Hitler*

*The most powerful tool in the hand of the oppressor is the mind of the oppressed - Stephen Biko (murdered South African activist)*

*The elementary principle of all deception is to attract the enemy's attention to what you wish him to see & to distract his attention from what you so not wish him to see - General Sir Archibald Wavel*

Your puppet-masters at the Vatican, at the Tavistock Institute, and at Georgetown University, don't want you going around free, integrated and sane. Then you are a danger to them. So, they perpetually over-infuse alien cultures and mores into you overcrowded life-space and, as a result, all peoples and all traditions are compromised. Mention race, tribe, ethnicity, or national sovereignty, and you are looked upon as a dinosaur, an anachronism, something to be incarcerated or liquidated. Your masters, those expert commanders in the war of attrition, have been preparing their twenty-first century "Bastille" to keep you and your descendants in order. They are slowly introducing their nightmarish global village in which men will live not as free human beings but as compliant numbered sheep. Privacy will be a thing of the past and you will be valued in relation to the collective, or herd. Step out of line and your ass will be cooked.

*The death of democracy is not likely to be an assassination from ambush. It will be a slow extinction from apathy, indifference, and undernourishment* - Robert Maynard Hutchins

*The "house of world order" will have to be built from the bottom up rather than from the top down. It will look like a great booming, buzzing confusion, but an end run around national sovereignty, eroding it piece by piece, will accomplish more than the old-fashioned frontal assault* - Richard Gardner (Quoted from the CFR journal, *Foreign Affairs, An American Quarterly Review*, April 1974 Edition)

But before we play the blame game, let's first realize that it's you who inwardly craves this externally imposed order. It's you who bring this kind of tyranny about. Or did you not know that?

*The people never give up their liberties, but under some delusion* - Edmund Burke (Irish Statesman and Philosopher)

Like an acid the media viruses have corroded your consciousness and made you insane. A pornographic media has fragmented your children psychically so they don't know if they are coming or going. They are emotionally mutilated shards. They try this and that until jaded and sullied they find out that it's all a sick joke. They seek crude power and dominance and finally crave extinction from their own inner angst and fragmentation. Their case is critical but you cannot fix them. You too are broken and lost. So, after the perfidious media is done, the medics move in with their panaceas.

You have become *uncomfortably* numb. You may even crave pain to feel alive. You ride the roller-coaster in your relationships and use conflict to prick yourself awake. You join the club, the herd, and think and act as they do. You have no true sense of self but you can cluster with other toxic non-selves and thereby find a paltry sense of identity and purpose. If Bill O'Reilly and Oprah say it's good, you squeal - *its goooooo!*

*One girl, hospitalized in a state mental hospital, had slashed her wrists and explained her act by saying that she wanted to see if she had any blood...One of the boys in the training school, for instance, threw rocks up on top of his garage and let them roll down, and would try to catch each rock with his head. His explanation was that this was the only way in which he could feel something...He reported that feeling the pain made him feel at least something* - Erich Fromm (*Anatomy of Human Destructiveness*)

*Each year in the UK more than 24,000 teenagers are admitted to hospital after deliberately harming themselves. But only a small proportion – around 13% – of self-harm episodes are thought to result in a hospital visit. Previous, smaller-scale research found that people who self-harm were more anxious, depressed and had lower self-esteem than those who don't* - (McDougal)

*As a nation we spend an astonishing \$650 million per year on sleeping pills alone. Four million Americans abuse prescription drugs, and are addicted to tranquilizers, stimulants or painkillers* - Gregg D. Jacobs (*The Ancestral Mind*)

You exist in a state of zombification. And this is *not* a joke. You *are* the "Manchurian Candidate." You have been drugged and slowly poisoned by unseen voodoo priests who control your very thoughts.

By way of their arsenal of weapons (schools, media, medics, etc), they have gradually but successfully narrowed and limited the parameters of your consciousness. Their real mastery lies in their ability to convince you, their mannequin, that you are in control of your own mental and somatic functions, your own thoughts and beliefs. In this way they are superior to the normal bug-eyed witch-doctor.

And may we ask, what is the nature of the hypnotized person? His sensitivity is drastically reduced. His thinking is done for him by someone else.

If he is told he is Superman or Sir Lancelot he will believe it. His perception is altered. He will believe anything he is told. He will lose his inhibitions and act out his repressed instincts. Logic and reason go out the window. Meaning has the same value as madness. Salt can taste like sugar. He will commit criminal acts he would normally avoid when in a fully conscious state. He will feel no guilt for any destructive actions. He will walk off the edge of a cliff if told to do so. Truth could be hollered into his ears *ad infinitum*, and yet he will remain vacant and indifferent. Get the picture?

*The man who does not know what it means to be under psychic hypnosis, is already under it -*  
Vernon Howard

*Humankind cannot bear very much reality -* T. S. Eliot

Nothing lasts forever. And this world of moral delinquents has little time. The Maya saw *four* creations come and go so there's nothing new there. This age has gone from beginning to end without the intermediate stage of civilization. Some doing.

*There is no anti-depressant that will cure a depression that's spiritually based, for the malaise doesn't originate from brain dysfunction, but from an accurate response to the desecration of life -*  
David R. Hawkins (*Power Vs. Force*)

*If the development of civilization has such a far-reaching similarity to the development of the individual and if it employs the same methods, may we not be justified in reaching the diagnosis that, under the influence of the cultural urges, some civilizations, or some epochs of civilization- possibly the whole of mankind - have become "neurotic?" -* Sigmund Freud (*Civilization and its Discontents*, 1930)

*Goethe had a premonition of this decline of the West: even in October 1801 he remarked in conversation...that spiritual emptiness and lack of character were spreading - as if he had foreseen what today characterizes the most celebrated literature of the Free West. It may be that Goethe had even foreseen, in the distant future, the coming of an age in which writers would make great profits by the portrayal of sex and crime for the masses. As Goethe said to Eckermann, on 14th March 1830, "the representation of noble bearing and action is beginning to be regarded as boring, and efforts are being made to portray all kinds of infamies" Previously in a letter to Schiller of 9th August 1797, he had pointed out at least one of the causes of the decline: in the larger cities men lived in a constant frenzy of acquisition and consumption and had therefore become incapable of the very mood from which spiritual life arises -* Hans F. K. Günther (*The Religious Attitudes of the Indo-Europeans*, on Johann Wolfgang von Goethe, the 18th century thinker and writer)

Now can you see why demagogues rise so easily? When mummy and daddy left you could not stand the pain of aloneness and independence. It was too painful to endure and it left many psychic scars.

So now you make the world pay for your inability to face this pain that comes with natural organic maturation. That is alright. It is no problem. Those guys are your enemy. They are merely the *not-you*, so their suffering does not count or matter. Dead bugs on the windscreen. As long as Big Daddy pats you on the head you drool and grin. What they espouse becomes the consensus. Country is important. Government and Homeland Security are important. Patriotism is important. Being the hero, yes, that too is important. The strong hero replaces the weak child.

Yep, all of that is important but not the lives of murdered men, women, and children whom you have never met. Daddy's logic is so sweet and simple; when they, the threats, are all gone, all gone away, all dead, then you will have no more fear and no more enemy. Then heaven will descend to earth and peace will reign in the hearts of all god's good obedient children. Then you will finally be a "strong" nation. Then you will feel so strong - like "Thulsa Dooms" enjoying the aroma atop your mountain of corpses and bones.

What of your *inner* republic? In that narrow, sterile, super lit asylum your dark guardians come and go bringing reports that tell of terrible inner ruin and what needs to be done to restore peace and sanity. But you call these agents by some dirty names. To you they are "Anger," "Fear," "Hate," "Violence," "Loneliness." You put up great barriers and turn the racket of the world up to level ten to make sure that their counsel is never heard. Its not toward your soul you turn but to Prozac and other filthy products of the Beast. You don't face the problem you numb yourself against it. You turn yourself *off* and thank your psychotropic engendered high for helping you to face the world with that big bright white, white smile. Your being is fractured and your emotional body dismembered and terribly wounded. But even when you know better you continue to pathologically censor yourself and, thereby, you bringing further catastrophe both to your inner republic and to the world.

You are like a squatter hiding in a nook beneath the staircase of a wondrous mansion that you forgot belongs to you and that you now fear to explore. Is it not time to open up some doors and step out onto the high balcony again to hear the great bells of creation ringing?

Remember one thing above everything else: the *real* Armageddon - the real war - is on *consciousness*. Other brawls are merely an adroitly crafted distraction to prevent you from knowing this. What you get on your TV is a global snuff film courtesy of 'er majesty "Lizzy" in London, and his "holier than thou" horror in Roma, designed to drain every ounce of self-will and power from your mind and heart.

Yes, the war is against that which is most precious in this world of men - Reason, Virtue, Sanity, Freedom, and Selfhood. Professor Tolkien has told you now, and "V" had something to say on the subject. Were you listening?

*There have been a thousand holocausts, which have occurred in a thousand ways and will recur, both by fire and by water and by many other means - (Priests of Egypt to Solon, the father of Plato)*

*Thou shalt know; self-chosen are the woes that fall on men - how wretched, for they see not good so near, nor hearken to its voice - few only know the pathway of deliverance from ill - Pythagoras (Grecian Philosopher, 6th century BC)*

You, or your country, can choose the way of love or the way of power. You can occupy the white squares of knowledge or the black squares of ignorance. Choice is given a man to show who and what he is. If you choose the wrong road there is time to change direction. But if you have chosen wrongly you will be held accountable by the higher self (the Holy Spirit) that suffers from your neglect and endorsement of lies and death. The Holy Spirit approaches and many minds are worried. They know that the end is approaching and that the "Apocalypse" (cleansing) is at hand. Therefore, its "party to the end" and "let's get smashed!" Satiating the senses is the only high left. More toys please! Can you find the still-point in the midst of all of this insanity? Or will you tranquilize yourself all the more? Will you edit? Or will you *observe, grow, and take back your power*?

*O Captain, My Captain!*

*He who takes a stand is often wrong, but he who fails to take a stand is always wrong - Anonymous*

*A right is not what someone gives you; it's what no one can take away from you - Former US Attorney General Ramsey Clark*

Is it not time to cease "Wormtonguing" yourself? Are you not so tired of lying to yourself and accepting the lies of arch-deceivers implying that love can be found where *truth is not*? Well, dear friends, to find love there must *first* be truth in your world and heart. And it must be unadulterated and strong. Don't expect to find love without its companion and protector. You won't find Shakti without Shiva, or Frodo without Samwise, or Lord Aragorn without his Elven mate watching his back, arrows at the ready.

*Never doubt that a small group of thoughtful, committed individuals can change the world, indeed it's the only thing that ever has - Margaret Meade*

## **How Can So Few Have Taken So Much From So Many For So Long?**

*A society of sheep must in time beget a government of wolves - Henry de Jouvenal*

It's a good question, but is there an answer? Yes, there is! It has to do with historical amnesia and with man forgetting about his origins and the legacy of his ancestors. History repeats because man does not learn from the lessons of the past. The maggots and roaches he eradicates from his mansion one day, he invites back in the next.

*The struggle of man against power is the struggle of memory against forgetting - Milan Kundera*

Get ready of these contradictions: Ports are sold, schools are swamped and under-funded, key jobs are outsourced, prisons super-size, and innocents

languish behind bars to be raped and tortured. Heavy labor-industries are practically non-existent, poison falls from the sky in the form of chemtrails, and illegal aliens occupy like an invading army, to enjoy the fruits they did nothing to bring into being. And all this occurs in an immense country that came out of World War II richer than it went in. And what do we now find?

The East is prospering and rising economically at a phenomenal rate. The Third World is fast becoming the First World and the First World is nose-diving into ruin. This was the plan from the start. They sat quiet behind their "democracy" until now. But its loud and clear now alright, the truth is out at last - The Aristocrats of foreign allegiance reign.

*People should not be afraid of their governments; governments should be afraid of the people!*

Alright, I have a question. What the hell was the point of having all the world's immigrants come and swamp the US, which has barely the time to begin its life? What was the point of it, we must ask, if the power-brokers knew (as they did) that the east (specifically India and China) was to rise?

The US economy is shattered and has been undermined by the Fed for decades. Jobs are outsourced and we are told it is for the good of all, as if we have not heard that one before. Clinton, Kerry, Obama, and even Carter, side with Georgie Boy, and ratify the Patriot Act, and other draconian measures. If you cannot NOW see that this is a ONE PARTY SYSTEM, then you never will.

I am not against prosperity coming to poor countries, except that I know why they became poor in the first place. I know why the Communist "Eastern Bloc" was also kept behind an "Iron Curtain" and kept in a deprived state, until was *useful* for Big Brother to open those doors. And now, we have another Imperialistic leviathan approaching, one that conspires to devour the world.

I am not against people having more, and I believe that help can be sent to them in their own lands. Experts, finances, and other resources can certainly be supplied to mend the wrongs. But immigration of such massive proportions solves nothing. In the end all is ruined. And that's the plan; you can bet on it.

Since 1969 specifically the US and Britain have been consciously swamped with immigrant peoples who, for the most part, could not give a damn about their hosts, and who have plied crime, drugs, death and filth since they arrived. We are now seeing the final consequences of this artificially created breach of sovereignty, designed by the British Fabians to wreck America, via its lieutenants like Nixon, Johnson, Reagan, Carter, Clinton and the Georgie Boys and via the Council on Foreign Relations and Trilateral Commission. Pound, Rockwell, McCarthy and so many others warned and warned. But you preferred your liberal liars and their "Wormtongue" charm.

So, you can just sit back and ignore it all, or you can finally *get the picture*. What is the point of it all, if now we find that these third world shores that were so deplorable are now fast becoming the new global utopias? Its been *by design* people. So don't let the media spin it to make you think its all hunky-dory.

### **What Has Happened America?**

Why are you eating out of the hand of England - your enemy of old? Why are you ruled over by an imperialist aristocracy that slowly takes away more and more of your inviolate rights? Why are American boys dying for England and the British Crown? Why have you created foreign enemies that did not exist before?

The Tzar of Russia once looked in admiration to the American Experiment and sent ships, money and troops to assist in the war of independence. Philosophers and poets wrote hymns to America, and now we find the Greenspans sucking you dry.

By 1934 under Roosie, what was left of your problematic sovereignty and solvent economy was lost forever...from then on you were America Inc, a subsidiary of the British Crown, run by lieutenant Rothschild and Co...You incarcerated the great Ezra, and you blew Rockwell's brains out. You even had Malcolm X taken out after he began to get a glimpse of the "big picture." Yeah, you know what I mean. Over their graves walk the Clintons and Bushes and other Skull and Bonesmen of their ken.

Once upon a time your enemies thought of nothing else but your downfall. Now they rule over you, and are so confident that you are fallen that they now preoccupy themselves with those little potato countries that they had on the back burner...America you are under their power, "in the bag" and "cooked" so they don't even mind making it ever so obvious that they are the filth that they are...making obvious designer slip-ups and bloopers to taunt you.

"Are these our leaders?" you subconsciously ask when they Bush-Lip during their interminable media sound bites. The answer is *no, these are your misleaders!*

Once, not so long ago, the Emperor of Russia looked on and sought to model his rule on what he saw rising. Now, his enemies and those of the world pick over the bones. It is not America that wars in the Middle East, but the enemies of America, who have already brought you to your knees. They don't serve you America, they serve London, Rome, and Venice...They are the false Humanists and Fabians, the servants of evil...whose agents slipped in unawares.

So now their power pyramid is built, and you are in its vile shadow. It has been built brick by Masonic brick for years. Its capstone is this very minute being hauled into position, and the altars of sacrifice are being prepared for the docile *sheeple*. They don't really need the ants who once were so valuable pushing their slave wheels. So, now up come the ladders on the "Middle Class." They will dangle you a carrot though, just to offset mass rebellion. Yeah, sure you can keep your job here at home.

But it will require you to work for the same rate as some exploited foreigner somewhere out there to whom we will give it if there's a complaint.

So you come bowl in hand, on your knees and say "Thank you, thank you, thank you, dear, kind sir, for allowing me to work for three-quarters less than usual and keep my life intact." Then you can keep the flag at your work station and feel good to be free.

Once upon a time King George, the greatest tyrant in the world, and his horde of paid mercenaries from all over Europe *ran like hell* from you America, their asses burning from the kicking, back into the Atlantic Ocean where they belong. What happened? Have you forgotten the price of FREEDOM?

Are you the United States of America - or of AMNESIA?

*America was not built by conformists, but by mutineers* - Jim Hightower

*What, then, do they (Humans) want a government for? Not to regulate commerce; not to educate the people; not to teach religion; not to administer charity; not to make roads and railways; but simply to defend the natural rights of man - to protect person and property - to prevent the aggressions of the powerful upon the weak - in a word, to administer justice. This is the natural, the original, office of a government. It was not intended to do less: it ought not to be allowed to do more* - Herbert Spencer (Victorian Philosopher & Sociologist)

*...a fullness of state power such as only despotism had enjoyed...surpassed all the past because it strove for the formal annihilation of the individual...Once the earth is brought under all-embracing economic control, then mankind will find it has been reduced to machinery in its service, as a monstrous clockwork system of ever smaller, more finely adjusted wheels* - Fredrick Nietzsche

*To be GOVERNED is to be watched, inspected, spied upon, directed, law-driven, numbered, regulated, enrolled, indoctrinated, preached at, controlled, checked, estimated, valued, censured, commanded, by creatures who have neither the right nor the wisdom nor the virtue to do so. To be GOVERNED is to be at every operation, at every transaction noted, registered, counted, taxed, stamped, measured, numbered, assessed, licensed, authorized, admonished, prevented, forbidden, reformed, corrected, punished. It is, under pretext of public utility, and in the name of the general interest, to be placed under contribution, drilled, fleeced, exploited, monopolized, extorted from, squeezed, hoaxed, robbed; then, at the slightest resistance, the first word of complaint, to be repressed, fined, vilified, harassed, hunted down, abused, clubbed, disarmed, bound, choked, imprisoned, judged, condemned, shot, deported, sacrificed, sold, betrayed; and to crown all, mocked, ridiculed, derided, outraged, dishonored. That is government; that is its justice; that is its morality* - Pierre Joseph Proudhon (*General Idea of the Revolution in the Nineteenth Century*)

*The liberty of man consists solely in this, that he obeys the laws of nature, because he has himself recognized them as such, and not because they have been imposed upon him externally by any foreign will whatsoever, human or divine, collective or individual* – Mikhail Bakunin (Founder of Anarchism, in his *God and the State*, 1882)
